Abstract YouTube has an immense impact on U S voters through political ads created both by political campaigns and supporters who are not affiliated with nor approved by political campaigns Chris Carpenter Professor für

Wirtschaftswissenschaften an der Universität Berkeley in Kalifornien stellt die Bedeutung sowie den Einfluss der Videoplattform YouTube in politischen Wahlkämpfen seit dem Präsidentschaftswahlkampf 2008 in den Vereinigten Staaten von Amerika dar. Bereits im Jahr 1952 wurden Wahlkampfvideos dazu genutzt Propaganda und Werbung für einen Kandidaten zu machen. Anfang der 1950er Jahre konnte in den USA davon ausgegangen werden, dass jeder Haushalt im Durchschnitt mindestens ein Fernsehgerät besitzt und somit Wahlwerbung verfolgen kann. Ein besonderer Vorteil war es, dass es nur wenige Fernsehprogramme gab, darunter NBC und CBS, auf denen Nachrichten und politische Werbung gezeigt wurden. Präsidentschaftskandidat Eisenhower nutzte den Massenanziehungseffekt des Fernsehens und veröffentlichte das Wahlkampfvideo „I like Ike“, welches mithilfe einer einprägsamen Melodie Wiedererkennungswert bekam. Allerdings wurden politische Inhalte und Ziele nicht preisgegeben. Political Ideologies Andrew Heywood, 2021-03-24 Offering an unparalleled sweeping survey of

the political ideologies that have shaped our world, the seventh edition of Andrew Heywood's seminal undergraduate textbook continues to lead the way in guiding students through the political creeds and doctrines that have dominated politics past and present. Covering an impressive array of topics, the first half of the book focusses on traditional ideologies such as Conservatism, Socialism, Liberalism, Anarchism, and Fascism, while more contemporary movements such as Populism, Feminism, Green Ideology, Multiculturalism, and Religious Fundamentalism form the latter part of the text. Taking into account the remarkable events that have shaken the political sphere in recent years, the text has been revised and updated throughout in order to show how the study of political ideologies can elucidate the significance of such striking phenomena as the decline of liberal democracy and the rise of populist movements and authoritarianism around the world. The most accessible, concise, and yet comprehensive introduction to the topic, this is an indispensable textbook for students studying for courses on political ideologies, political theory, and introductory politics. It should be essential reading for anyone seeking to gain an understanding of political ideologies for the first time. New to this Edition: A brand new chapter on Populism addressing the rise of populist movements across the world and the related decline of liberal democratic values. More on sexualities, queer politics, and trans issues in the chapter on Feminism, and a wider range of religions considered in the chapter on Religious Fundamentalism. New Key Thinker boxes featuring a more diverse array of voices. A fully revised concluding chapter on Why Political Ideologies Matter. Updated Political Ideologies in Action boxes reflecting on recent major political events and their

significant for political analysis A completely refreshed companion website comprising a testbank PowerPoint slides flashcard glossary additional Political Ideologies in Action cases and interactive simulations Accompanying online resources for this title can be found at [bloomsburyonlineresources.com/political ideologies 7e](https://www.bloomsburyonlineresources.com/political-ideologies-7e) These resources are designed to support teaching and learning when using this textbook and are available at no extra cost

Anarchism Benjamin Franks,Nathan Jun,Leonard Williams,2018-03-14 Anarchism is by far the least broadly understood ideology and the least studied academically Though highly influential both historically and in terms of recent social movements anarchism is regularly dismissed Anarchism A Conceptual Approach is a welcome addition to this growing field which is widely debated but poorly understood Occupying a distinctive position in the study of anarchist ideology this volume authored by a handpicked group of established and rising scholars investigates how anarchists often seek to sharpen their message and struggle to determine what ideas and actions are central to their identity Moving beyond defining anarchism as simply an ideology or political theory this book examines the meanings of its key concepts which have been divided into three categories Core Adjacent and Peripheral concepts Each chapter focuses on one important concept shows how anarchists have understood the concept and highlights its relationships to other concepts Although anarchism is often thought of as a political topic the interdisciplinary nature of Anarchism A Conceptual Approach makes it of interest to students and scholars across the social sciences liberal arts and the humanities

Historical Dictionary of Socialism Peter Lamb,2024-02-20 Socialism has been an influential force for social change for almost two centuries Its philosophy and ideology have inspired millions while simultaneously arousing fear and revulsion in its enemies Having emerged after the French Revolution in the effort to build upon and develop the egalitarian ideas of the Enlightenment socialism has taken many forms It has furthermore sometimes been manipulated and reformulated by opportunists who have

built authoritarianism and totalitarian dictatorships in its name Opponents seize on such examples to frighten away people who may otherwise have found socialism attractive Socialism has survived such criticism and misrepresentation as its core principles have struck a chord with generations of people concerned with social justice Historical Dictionary of Socialism Fourth Edition contains a chronology an introduction a glossary and an extensive bibliography The dictionary section has over 500 cross referenced entries on activists politicians political thinkers political parties and organizations and key topics concepts and aspects of socialist theory This book is an excellent access point for students researchers and anyone wanting to know more about socialism

Understanding Dogmas and Dreams Nancy S. Love, 2006-02-09 Nancy Love's concise yet complete volume aims to inform students of their choices among political values By exploring the assumptions of various ideologies and comparing their positions students begin to understand political alternatives to be able to choose among them in essence they learn to think democratically Offering historical and analytic context for the selections in her companion reader *Dogmas and Dreams* Love challenges students to consider the various ways ideological frameworks shape political actions Reframing her approach in this second edition Love examines how traditional left right ideologies liberalism and conservatism socialism and fascism are shifting to adapt to new political realities in an ever turbulent post 9 11 world She also discusses why alternative ideologies feminism environmentalism fundamentalism and globalization may better convey our global political future While pushing the boundaries of the left right political spectrum she looks at how grassroots social movements offer alternative ways to view ideological differences from cluster concepts to micro discourses and even a planetary galaxy Expanded coverage includes a new chapter on nationalism and globalization which examines the work of Samuel Huntington Kenichi Ohmae Benjamin Barber and many more to explore fundamentalism in Islamic politics increased coverage of global environmental politics including Shiva's *Stolen Harvest* and Kelly's *Thinking Green* examining the relationships between developed and developing countries fresh material on socialist politics post 1989 and the rise of neo fascist movements in the United States and Europe including analysis of Hayden and Flacks *The Port Huron Statement* at 40 and Bob Moser's *The Age of Rage* an updated feminism chapter that considers the impact of third wave post colonial and so called power feminists and incorporates new analysis of Wollstonecraft's *A Vindication of the Rights of Woman* and Mohanty's *Under Western Eyes Revisited*

Degrees of Freedom Edwin van de Haar, 2015-06-01 Liberalism has been the leading political theory of the past three hundred years and by far the most dominant ideology Many think tanks are associated with liberal ideas and most Western countries are considered liberal democracies But does liberalism really cover the wide range of political ideas found in Western civilization *Degrees of Freedom* examines liberalism's universal claims and explains how liberal thinkers formulated insights that apply to all aspects of politics It also contrasts liberalism and conservatism Edwin van de Haar divides liberalism into three main variants classical liberalism social liberalism and libertarianism Without claiming that this is the only possible categorization of liberalism he argues that this subdivision is the most comprehensible

way out of liberal confusion He explores how these forms of liberalism found in popular parlance relate to liberal political theory and ideology Domestic politics and international relations are presented as a whole in the firm belief that one cannot meaningfully present an overview of any tradition in political theory by stopping at national borders *UGC NET Sociology Solved Previous year Question Paper [PYQ] Book 2018 to 2024 With Answer & Detail Explanation II Best PYQ Book for 2025 II By Diwakar Education Publication ,2025-05-01* UGC NET Sociology Solved Previous year Question Paper PYQ Book 2018 to 2024 With Answer Detail Explanation II Best PYQ Book for 2025 II By Diwakar Education Publication UGC NET Sociology Solved PYQ 2018 to 2024 All Question With Detail Solution Cover all PYQ Answer Write by Expert Faculty Quest for Democracy Line Khatib,2022-11-03 Since the uprisings of 2010 and 2011 it has often been assumed that the politics of the Arab speaking world is dominated and will continue to be dominated by orthodox Islamic thought and authoritarian politics Challenging these assumptions Line Khatib explores the current liberal movement in the region examining its activists and intellectuals their work and the strengths and weaknesses of the movement as a whole By investigating the underground and overlooked actors and activists of liberal activism Khatib problematizes the ways in which Arab liberalism has been dismissed as an insignificant sociopolitical force or a mere reaction to Western formulations of liberal politics Instead she demonstrates how Arab liberalism is a homegrown phenomenon that has influenced the politics of the region since the nineteenth century Shedding new light on an understudied movement Khatib provokes a re evaluation of the existing literature and offers new ways of conceptualizing the future of liberalism and democracy in the modern Arab world *Political Campaign Communication* Robert E. Denton Jr.,2017-06-14 Political Campaign Communication Theory Method and Practice brings a diversity of issues topics and events on political campaign communication around the concepts of theory method and practice The volume contains studies of political campaign communication utilizing a wide range of empirical rhetorical content analyses and social science methodologies as well as a variety of foci on the practice of political campaign communication with studies on the communication dimensions and elements of political campaigns It reflects the growing depth breadth and maturity of the discipline and provides insight into a variety of topics related to political campaign communication **The Roots of Equality** Lantz Miller,2023-07-31 For centuries thinkers have grappled with the mystery of how humans first formulated the notion of equality The species is quite territorial and according to history has demonstrated a violent streak How could such a creature have developed the peaceful impulse to ensure everyone gets their fair share Some have surmised that equality was a last gasp measure the guarantee of peace to avert self annihilation However a closer examination of the phenomenon across the existence of Homo sapiens illuminates a naturalistic solution to the puzzle Lantz Miller traces the early advancements of our species to argue that rather than concocting equality to forestall self annihilation it was forged through a lived condition of freedom over hundreds of thousands of years Bringing together insights from both philosophy and anthropology *The Roots of Equality Anthropological and Normative Sources* investigates how our foraging ancestors

came to thrive in egalitarian communities without sacrificing autonomy along the way

Dimensions and Challenges of Russian Liberalism Riccardo Mario Cucciolla, 2019-05-22 Liberalism in Russia is one of the most complex multifaced and indeed controversial phenomena in the history of political thought Values and practices traditionally associated with Western liberalism such as individual freedom property rights or the rule of law have often emerged ambiguously in the Russian historical experience through different dimensions and combinations Economic and political liberalism have often appeared disjointed and liberal projects have been shaped by local circumstances evolved in response to secular challenges and developed within often rapidly changing institutional and international settings This third volume of the Reset DOC Russia Workshop collects a selection of the Dimensions and Challenges of Russian Liberalism conference proceedings providing a broad set of insights into the Russian liberal experience through a dialogue between past and present and intellectual and empirical contextualization involving historians jurists political scientists and theorists The first part focuses on the Imperial period analyzing the political philosophy and peculiarities of pre revolutionary Russian liberalism its relations with the rule of law *Pravovoe Gosudarstvo* and its institutionalization within the Constitutional Democratic Party Kadets The second part focuses on Soviet times when liberal undercurrents emerged under the surface of the official Marxist Leninist ideology After Stalin's death the thaw intelligentsia of Soviet dissidents and human rights defenders represented a new liberal dimension in late Soviet history while the reforms of Gorbachev's New Thinking became a substitute for liberalism in the final decade of the USSR The third part focuses on the time of troubles under the Yeltsin presidency and assesses the impact of liberal values and ethics the bureaucratic difficulties in adapting to change and the paradoxes of liberal reforms during the transition to post Soviet Russia Despite Russian liberals having begun to draw lessons from previous failures their project was severely challenged by the rise of Vladimir Putin Hence the fourth part focuses on

the 2000s when the liberal alternative in Russian politics confronted the ascendance of Putin surviving in parts of Russian culture and in the mindset of technocrats and system liberals Today however the Russian liberal project faces the limits of reform cycles of public administration suffers from a lack of federalist attitude in politics and is externally challenged from an illiberal world order All this asks us to consider what is the likelihood of a reboot of Russian liberalism
