impact of the Great Depression and World War II profoundly influenced the development of the American stage as did the conformist 1950s and the revolutionary 1960s on in to the complex times in which we currently live Historical Dictionary of the Contemporary American Theater Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 000 cross referenced entries on plays playwrights directors designers actors critics producers theaters and terminology This book is an excellent resource for students researchers and anyone wanting to know more about American theater **Maple and Vine & Other Plays** Jordan Harrison,2025-03-25 Known for his ability to turn an unusual premise into something profound and sublime Jordan Harrison is one of our most inventive and thought provoking contemporary playwrights His work grapples with the fleeting nature of time the fallibility of memory the volatility of identity and our often fraught relationships with technology This new collection gathers together several of his plays including the title play Maple and Vine which follows a couple who decides to forgo their urban lives in favor of recreating the simpler lifestyle of the 1950s trading cell phones for Tupperware parties in a newfound quest for happiness **Graphic Style Lab** Steven Heller,2015-01-28 50 exercises ranging from making posters to maps to three dimensional art objects all geared towards helping design and illustration students develop their own personal style Each exercise includes examples to inspire and encourage experimentation *Sound Recording Technology and American Literature* Jessica Teague,2021-05-20 This book investigates the sustained engagement between American literature and sound recording technologies during the twentieth century Digital Costume Design and Collaboration Rafael Jaen,2017-06-26 Digital Costume Design and Collaboration gives in depth instruction on how to draw render and fully design costumes using online tools and software Grounded in the use of Photoshop the book explains the process of building a costume design from scratch including information on digital tools and painting techniques The book demonstrates how to utilize social media such as Flickr and Pinterest to compile research how to create user friendly web based slide shows and how to archive digital files for portfolios and personal websites It also demonstrates how to organize spec sheets plots and inventories using Google Docs for easy editing and Dropbox for easy file sharing A companion YouTube channel featuring video tutorials of exercises and applications compliments the book *Playwriting Intensive* Paul Castagno,2023-03-07 Playwriting Intensive takes a fresh approach to playwriting putting dialogue first Castagno shows novice playwrights how to use language to generate character and structure His decades of experience teaching and writing have resulted in a fresh informed pedagogy designed to get students off to the right start and progressing quickly Castagno emphasizes learning by process through the text encouraging readers to experiment and familiarize themselves with the best practices provided His lessons focus on the skills contemporary playwrights will use in their careers including promoting diversity both through featured examples and dedicated exercises *The Dying Body as a Lived Experience* Alan Blum,2016-10-04 The anxiety over death persists in everyday life though often denied or repressed lingering as an unconscious worry or intuition that typically seems to

compromise one's feelings of well being and experience in a range of areas coming out often as malaise depression and anger in much conduct If one accepts the cliché that life is preparation for death we must accept that the lived experience of the dying body is not highlighted merely in obvious cases of deterioration such as in the ageing or diseased body but in everyday life as a normal phenomenon This book proposes that sensitivity to this dimension can empower us to develop creative relationships to the vulnerability of others and to ourselves as well Part One lays the groundwork for a study of the ways the aura and fear of death recurs as a constant premonition in life and how people try to deal with this uneasiness Part Two then goes on to apply this focus to particular concerns and problems such as dementia depression aging retirement and a range of anxieties frustrations and aggressions The Dying Body as Lived Experience will be of interest to a wide interdisciplinary audience in the health sciences in the sociology of health and illness philosophy bioethics and in the expanding field of medical humanities

The Playwright's Toolbox Justin Maxwell, 2024-05-07 To an unusual degree among writers playwrights' creations are not simply words on a page Instead a well wrought play is an intricate machine that will be used by directors actors designers and other creators to bring a fully staged real time performance into the world The construction and maintenance of that machine is the playwright's job and it requires an array of complex interconnected skills and techniques Enter Justin Maxwell and *The Playwright's Toolbox* a stimulating and wide ranging resource for both beginning and experienced dramatists It brings together invigorating provocative and irreverent exercises contributed by nearly 60 leading English language playwrights covering all stages of the writing process It offers an accessible roadmap for those who have never written a play before while providing new angles and solutions for seasoned writers struggling with a particular challenge Covered here is everything from generating ideas and world building through dialogue and plotting to revision and the last steps before releasing a play into the world making this an endlessly useful guide to building better plays

Stage-Play and Screen-Play Michael Ingham, 2016-12-08 Dialogue between film and theatre studies is frequently hampered by the lack of a shared vocabulary Stage Play and Screen Play sets out to remedy this mapping out an intermedial space in which both film and theatre might be examined Each chapter's evaluation of the processes and products of stage to screen and screen to stage transfer is grounded in relevant applied contexts Michael Ingham draws upon the growing field of adaptation studies to present case studies ranging from Martin McDonagh's *The Cripple of Inishmaan* and RSC Live's simulcast of *Richard II* to F.W. Murnau's silent *Tartuffe* Peter Bogdanovich's film adaptation of Michael Frayn's *Noises Off* and Akira Kurosawa's *Ran* highlighting the multiple interfaces between media Offering a fresh insight into the ways in which film and theatre communicate dramatic performances this volume is a must read for students and scholars of stage and screen
