Antes De Convertirnos En Piedra Poes A:

La idea del lenguaje en la poesía española Arthur Terry,2002 Poesía nórdica Francisco J. Uriz,1995 Magna obra que recoge en más de mil páginas lo más significativo de la rica y desconocida obra de los poetas nórdicos **A dos tintas** Josep Mengual Català,2013-09-19 La biografía del matemático editor Josep Janés fundador de Janés Editores La cultura española de entre 1939 y 1975 será otra sin la labor editorial de Josep Janés 1913-1959 pese a su temprana muerte Se hace difícil pensar que alguien hubiera podido llevar a buen término tal empresa en el breve espacio de tiempo en que lo hizo y en las circunstancias de la postguerra española Buena parte de la literatura escrita en lenguas españolas en esa época no hubiera existido sin el influjo y el estímulo de las traducciones de obras británicas y norteamericanas francesas italianas o estadounidenses que Janés hizo accesibles a los lectores en el momento en que eran convenientes y necesarias El valor fundamental de esa labor es que atenuó y hasta cierto punto contrarrestó la cerrada cultura literaria que a partir de 1939 promovió el régimen franquista Reseñas Josep Janés fue un fino poeta catalán condición necesaria que llevó a convertirse en José Janés uno de los mejores y más completos editores españoles del siglo XX Lo fue además en los peores años del franquismo para desconcierto y acaso incredulidad de los que siguen creyendo que las cosas solo pueden ser blancas o negras Andrés Trapiello Janés personificó la figura de un auténtico editor es decir alguien que configura un catálogo lo vive que deja sus huellas más o menos en filigrana a través de los libros que lo han seducido Jorge Herralde Josep Janés y Olive fue sin duda alguna el primer editor que en los años oscuros de la posguerra se propuso una empresa cultural abierta a las corrientes más libres y creativas del mundo occidental J. easily identified In accordance with the consensus of the academic community parts III and IV of the Calderón concordance being published in hard copy The most frequent words have not been included in the printed version With the publication of parts III and IV of the Concordancia Calderoniana the complete linguistic corpus of a Spanish Golden Age dramatist is for the first time available in a comprehensive concordance easy to consult and up to date with the latest academic standards

La estética de George Santayana VV.AA., 2012-11-03

Santayana fue un idealista moderno y de filiación naturalista e inconformista tanto en filosofía como en estética Dan testimonio de la relevancia de Santayana en España los ensayos de María Zambrano Raimundo Lida R J Sender y Daniel Moreno que subrayan su influencia dentro del campo de la teoría estética la teoría literaria y la cultura española en general Completan el volumen los textos de autores norteamericanos que han percibido la importancia de Santayana en el mundo angloparlante Para

Santayana el elemento estético es inseparable de las ideas sentimientos y actos del hombre No sólo lo acompaña siempre de uno u otro modo las creaciones de la inteligencia sino que es su necesario punto de arranque Partiendo de ese primario impulso creador la conciencia elabora luego sus claras percepciones y sus distinciones racionales Y en cada etapa de este proceso se ofrecen a la contemplación estética materiales nuevos Así ciertos caracteres que la sensibilidad ha aprehendido en las cosas lo recto lo curvo lo simétrico etc pasan a ser luego el objeto de estudio de la matemática pero finalmente después que el razonamiento los ha analizado y relacionado después que los ha reducido a puras formas despojándolos de todo valor sensorial pueden volver a contemplarse estéticamente y suscitar entonces viva emoción Sistemas mecánicos de fuerzas y movimientos como los que estudia la astronomía pueden ser asimismo legítima fuente de placer estético De modo análogo en muy otro terreno la afinidad sensorial mueve a los hombres al amor pero una vez que la sociedad humana ha levantado sobre esa base un edificio moral y legal este nuevo espectáculo da ocasión a nuevos arrebatos imaginativos trágicos y religiosos Desde cierto punto de vista bien lo sabían los antiguos la vida entera es un arte No es menester para ello adornarla de florones y entorchados ni someterla a importunas restricciones estéticas Basta con que demos a todos sus momentos una forma que por implicar estructura armoniosa implique al mismo tiempo un ideal de posible perfección Y esta perfección contemplada a su vez estéticamente aparecer como pura y genuina belleza A toda vida lograda viene aadirse así una sanción estética Si la eficiencia biológica se acompaña de gracia la perfección moral va siempre unida a cierta manera de splendor formando a un halo de decoro

Si sintieras bajo los pies las estructuras mayores Roberto Chuit Roganovich, 2025-03-05

Una planta conectada con la psique humana se revela en distintos momentos cruciales de la humanidad la colonización de América el siglo XIX en Londres con Jack el Destripador 1945 y la Segunda Guerra Mundial con las bombas atómicas Desde ahí podíamos verse la planta que brillaba en verdes y violetas y amarillos con las flores abiertas y estiradas moviéndose lenta al compás del viento Eran manos al cielo con dedos finos rozando el aire y buscando algo vivo e inclasificable que recorre el planeta Tierra

desde su creación y parece capaz de sobrevivirlo. Se extiende bajo la superficie y emerge como una planta fantástica en múltiples sentidos. De ella darán testimonio los distintos narradores de la novela cuyas voces se escuchan en 1504, 1888, 1945 y el arco temporal de un futuro que solo la literatura puede imaginar. Una y otra vez mientras la humanidad crece y se piensa el bionte este organismo que aterra pero que también refugia ser un espejo del devenir histórico bajo el horror de su idea de progreso. Dijo el jurado: Una novela actual y misteriosa en la tradición del weird y con citas a Arthur Machen, Lovecraft o Chambers con algo de terror ecológico y una notable reconstrucción histórica. La protagonista es una planta conectada con la psique humana y sus apariciones revelan momentos cruciales de la humanidad. Y todo funciona: las situaciones, los cruces, las voces. Mariana Enríquez. Un libro complejo y literario y a la vez un dispositivo hipnótico cargado de tensión. Una voz capaz de avanzar con maestría desde distintos registros y puntos de vista y un sentido poético donde las ideas y las imágenes se reflejan en un prisma que toca todas las historias. Samanta Schweblin. Ambiciosa en el buen sentido, absolutamente pop sin duda freak además de joven y contemporánea una novela experimental histórica y de ciencia ficción jugada ya que apuesta por su forma de procesar el mundo y termina ganando. Alberto Fuguet.
