content or as it is sometimes known fictional truth The theory of fictional content Kathleen Stock argues for is known as extreme intentionalism the idea that the fictional content of a particular work is equivalent to exactly what the author of the work intended the reader to imagine Historically this sort of view has been highly unpopular Literary theorists and philosophers alike have poured scorn upon it The first half of this book attempts to argue that it should in fact be taken very seriously as an adequate account of fictional truth better in fact than many of its more popular rivals The second half explores various explanatory benefits of extreme intentionalism for other issues in the philosophy of fiction and imagination Namely can fiction give us reliable knowledge Why do we resist imagining certain fictions What in fact is a fiction And how should the imagination be characterised **Studia Litteraria Universitatis Iagellonicae Cracoviensis vol. 6 (2011)** ,

Moving Modernisms David Bradshaw, Laura Marcus, Rebecca Roach, 2016 The essays in Moving Modernisms Motion Technology and Modernity written by renowned international scholars open up the many dimensions and arenas of modernist movement and movements spatial geographical and political affective and physiological temporal and epochal technological locomotive and metropolitan aesthetic and representational Individual essays explore modernism s complex geographies focusing on Anglo European modernisms while also engaging with the debates engendered by recent models of world literatures and global modernisms From questions of space and place the volume moves to a focus on movement and motion with topics ranging from modernity and bodily energies to issues of scale and quantity The final chapters in the volume examine modernist film and the moving image and travel and transport in the modern metropolis Movement is reality itself the philosopher Henri Bergson wrote the original and illuminating essays in Moving Modernisms point in new ways to the realities and the fantasies of movement in modernist culture **The Book of Old Ladies** Ruth O. Saxton, 2025-07-30 This is a book that champions older women s stories and challenges the limiting outcomes we seem to hold for them The Book of Old Ladies introduces readers to thirty stories featuring fictional women of a certain age who increasingly become their truest selves Their stories will entertain and provide insight into the stories we tell ourselves about the limits and opportunities of aging A celebration of women who push back against the limiting stereotypes regarding older women s possibility The Book of Old Ladies is a book lover s guide to approaching old age and dealing with its losses while still embracing beauty creativity connection and wonder **Gabriel García Márquez** Michael Bell, 1993-10-05 Much good criticism of Mrquez came in the wake of One Hundred Years of Solitude and the perception of his fiction has been dominated by that novel It seemed the implicit goal to which the earlier fiction has been striving By concentrating on the later novels including The General in his Labyrinth this study brings out the internal dialogue between the novels so that One Hundred Years of Solitude then stands out like Don Quixote in Cervantes oeuvre as untypical yet more deeply representative Behind the popular impact of its magical realism lies Mrquez abiding meditation on the nature of fictional and historical truth British Avant-Garde Fiction of the 1960s Kaye Mitchell, 2019-01-22 This collection brings together a selection of original research led essays on more

than a dozen avant garde British writers of the 1960s revealing this to be a crucial and crucially overlooked period of British literary history

Afterlife and Narrative in Contemporary Fiction Alice Bennett, 2012-07-06 Afterlife and Narrative explores why life after death is such a potent cultural concept today and why it is such an attractive prospect for modern fiction The book mines a rich vein of imagined afterlives from the temporal experiments of Martin Amis's *Time's Arrow* to narration from heaven in Alice Sebold's *The Lovely Bones*
