Expansion Xiaohan Gong,2024-10-03 Should Chinese energy investments be excluded from the liberal economic system based on geopolitical assessments only This book explores the potential regulatory control by the Chinese government over foreign energy investments to achieve their perceived strategic objectives Host states in which Chinese energy companies make investments have increasingly opposed Chinese energy investments in their national security reviews based on concerns that these investments have strategic objectives The book analyses China s investment related law regulations and energy policies to examine how overseas energy investment making is governed The book also explores the role of the Chinese government in energy investment promotion and protection Uniquely the examination of China s potential regulatory

control provides an objective criterion rather than geopolitical considerations for host states to assess the nature of Chinese energy investments The book helps readers to open the black box of Chinese energy investments from a regulatory perspective It is a useful resource for researchers as well as practising lawyers assisting their Chinese clients through national security reviews or when trying to determine whether China's SOEs can bring cases before investor state arbitration tribunals

The Reconnected Leader Norman Pickavance, 2014-12-03 The global financial crisis a scandal ridden business world and a deeply unstable business environment all of it means that trust in businesses and business leaders is at an all time low At the same time global supply chains in major corporations have become more complex and exposed to risks as organizations have sought to make use of cheaper production opportunities in poorer countries leaving their global brands exposed to uncertain practices around the world we are in need of a new kind of leadership There is a growing disconnect between the way large corporations would like to see the world and what is happening in reality and the problem lies at least partly in the way that these organizations are being led The Reconnected Leader evaluates the current situation and sets out an eight step model to implementing new leadership practices that help managers reconnect with their teams and reset the relationship the business has with all its stakeholders It is up to leaders to set long term goals that if achieved will create lasting value for businesses and for the communities they serve Drawing on case studies from international organizations and a sound theoretical underpinning thought leader Norman Pickavance argues that the solution lies with leaders The Reconnected Leader invites readers on a journey to rediscover the true purpose of their business and find more innovative leadership solutions that integrate the challenge of long term societal needs and short term financial results

The Dictatorship of Woke Capital Stephen R. Soukup, 2023-04-25 For the better part of a century the Left has been waging a slow methodical battle for control of the institutions of Western civilization During most of that time business and American Big Business in particular remained the last redoubt for those who believe in free people free markets and the criticality of private property Over the past two decades however that has changed and the Left has taken its long march to the last remaining non Leftist institution Over the course of the past two years or so a small handful of politicians on the Right Senators Tom Cotton Marco Rubio and Josh Hawley to name three have begun to sense that something is wrong with American business and have sought to identify the problem and offer solutions to rectify it While the attention of high profile politicians to the issue is welcome to date the solutions they have proposed are inadequate for a variety of reasons including a failure to grasp the scope of the problem failure to understand the mechanisms of corporate governance and an overreliance on state imposed top down solutions This book provides a comprehensive overview of the problem and the players involved both on the aggressive hardcharging Left and in the nascent conservative resistance It explains what the Left is doing and how and why the Right must be prepared and willing to fight back to save this critical aspect of American culture from becoming another more economically powerful version of the woke college campus

Klima, Rohstoffe und Prognosen Michael Has, 2025-06-02 Klima und Rohstoffentwicklung unter dem Gesichtspunkt von veröffentlichten Trends in Gesellschaft und Technologieentwicklung analysiert Es wird gezeigt dass viele Aussagen über absehbare gesellschaftliche und wirtschaftliche Entwicklungen den Klimawandel und Rohstoffmangel nicht oder nur unzureichend

beachten Klimawandel und Rohstoffmangel sind spürbar. Reserven wichtiger Metalle reichen weniger als 80 Jahre. Hinzu kommen beschränkende Maßnahmen der Förderländer, die ihre Rohstoffe behalten und nur eingebettet in fertige Produkte verkaufen wollen. Rohstoffabbau und aufbereitung erfordern fossile Energie. Erdöl und Gas reichen lediglich für 60–80 Jahre, Kohle 200 Jahre. Recycling kann keine Lösung bieten. Meist bei vorsichtigen Trendanalysen und Zukunftsszenarien diese Effekte nicht. Es werden positive Trends identifiziert, die ihren eigenen Blickwinkel haben, sich aber auch der Frage stellen, wie eine Zukunft mit knapper werdenden Ressourcen und Versorgung mit Energie überhaupt aussehen kann.
