**Relax. . . You're Not Going to Die Part 2** Darryl Philip, 2024-03-19 Twenty years ago we just didn't have the enormous weight of evidence from our contemporary messengers of God our near death experiencers the gifted psychic mediums our ancient spiritual teachers and last but not least the brilliant and courageous scientists and medical doctors Now through part 1 and part 2 of Relax You're Not Going to Die we're finally able to address and answer some of the most perplexing questions about God and life and why our lives are the way they are We know now that God is not working in mysterious ways but has a definitive plan in place for each and every one of us This is a time of our spiritual awakening Your life is more perfect than you know We are all magnificent divine immortal spiritual beings that choose this earthly life for the spiritual growth it offers You are invited to examine and explore the overwhelming evidence

Gurdjieff Was Wrong But His Teaching Works Orest Stocco, 2016-02-07 Gurdjieff was wrong but his teaching works is the story of one man's remarkable journey of self discovery which dispels the Gurdjieffian premise that man is not born with an immortal soul With his own quest Orest Stocco illustrates that we are all born with a spark of divine consciousness but not until we take evolution into our own hands which Gurdjieff's teaching helped him to do will we realize our true self

**Many Lives, Many Masters** Brian L. Weiss, 1988-07-15 Describes the case of a young woman suffering from anxiety attacks explains how hypnosis revealed her memories of past lives and discusses the usefulness of regression therapy

**Spirituality and Alternativity in Contemporary Japan** Ioannis Gaitanidis, 2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine

*Power of the Universe Lies Within You* PRADIPTA KUMAR DAS.,2015-11-12 This book delves deep into the genesis and power of human thought Human civilization has consistently grown over few millennia but the exponential growth during last few centuries of industrialization and particularly during the last half a century due to digital revolution can be attributed to one single phenomenon called Human Thought Processes The idea of an acronym for Generation Operation and Destruction G O D by human thought has a spiritual background based on Karmic Principles argues the author in the book The delicate balance in the brain chemicals that are responsible for harmonious thought processes can sometimes be severely derailed due to modern day anxiety and stress causing immense agonies leading to serious mental health problems The author had a firsthand experience of such a mental health crisis in July 2000 while during his PhD study in Adelaide Australia almost leading to a Near Death Experience which he not only survived but could convert the crisis into an opportunity to harvest immense knowledge and wisdom for self growth The author has adopted partly an autobiographical approach to put across ideas that he thinks can find some resonance with people struggling to overcome similar mental health problems in life While researching into concepts of life after death he raises few questions about the current understanding of human consciousness The ultimate realization of the author that Humans are infinite spiritual beings in finite bodies has been systematically and logically brought out to enable a conviction that mental health problems are better handled with medico spiritual practices The title of the book suggests that to achieve happiness and bliss in life human beings anywhere in this world need not search elsewhere because it is all there within The author has outlined all the practical steps which helped him not only overcome his serious crisis but achieve his desired goals and thus sublime happiness He strongly believes in the universal application of the principles enumerated

**A Touch of Love from Heaven**

Angel Love,2005-11 Standing in the Great Room at my home I see a rainbow appearing between the mirrors on my living room wall I note that the six colors of the chakra system are in the correct sequence red orange yellow green blue and lilac at the top of the rainbow Looking at my watch the time is 5 50 p m The rainbow disappears and now none can be seen The time

is 5 55 p m Next almost immediately two rainbows appear The first one is on the back of the Great Room Wall to the right above the sofa while I stand there facing the mirrors The second rainbow appears on the lamp Both of them contain the six colors of the chakra system in the chronological order I am left wondering if these visuals are the light of God giving me the go ahead for putting my writings into the hands of the people Since the chakra system and the rainbow are both utilized in my writings I believe this sign is from God and no accident
