Die christlichen Kirchen vor der Herausforderung "Europa" Heinz Duchhardt, 2008 The Textual Genesis of Wittgenstein's Philosophical Investigations Nuno Venturinha, 2013-09-11 Sixty years after its first edition there is an increasing consensus among scholars that the work posthumously published as *Philosophical Investigations* represents something that is far from a complete picture of Wittgenstein s second book project G H von Wright s seminal research on the Nachlass was an important contribution in this direction showing that the Wittgenstein papers can reveal much more than the source of specific remarks This book specifically explores Wittgenstein s *Philosophical Investigations* from the different angles of its originary conceptions including the mathematical texts shedding new light on fundamental issues in twentieth century and contemporary philosophy Leading authorities in the field focus on newly published or hitherto unpublished sources for the interpretation of Wittgenstein s later work and a Wittgenstein typescript translated for the first time into English is included as an appendix *Derrida and Foucault* Paul Rekret, 2017-09-20 Derrida and Foucault offers a major contribution to the interpretation of these two highly influential thinkers By tracing the moments where Derrida and Foucault s arguments converge but also where they deviate this book fundamentally recasts our understanding not only of these two philosophers but of the political more broadly Organised thematically around questions of epistemology ethics and politics this is the only work to bring Derrida and Foucault s whole oeuvres into dialogue with one another This book frames a dialogue not only between their works of the 1960s and 1970s but also their works that deal with political questions around

liberalism capitalism and democracy This book offers the first substantial critical assessment of Derrida and Foucault's political work and also situates these crucial thinkers in contemporary debates in political theory

Metaphor Translation in Popular Science Sui He, 2024-12-30 This book explores the intersection of metaphor studies and translation studies specifically focusing on popular scientific articles The volume complements existing work on conceptual metaphor theory in translation by aligning it with conceptual blending theory to demonstrate how an integrated approach offers a more expansive understanding of the cognitive and linguistic dimensions of metaphor translation It includes an essential introduction to the key concepts and theories in metaphor studies and metaphor translation research discerning the importance of localising theories from neighbouring disciplines such as metaphor studies for advancing interdisciplinary research in translation studies Sui He applies this approach to popular cosmological discourse analysing examples from articles in *Scientific American* and their Chinese translations allowing for a nuanced examination of translation strategies adopted by translators at both cognitive and linguistic levels which presents the circulation and transformation of popular cosmological knowledge from English in two Chinese mediated communities This book will be of interest to students and scholars in translation studies metaphor studies and discourse analysis

Romanticism, Hermeneutics and the Crisis of the Human Sciences Scott Masson, 2016-03-31 First published in 2004 This study begins by surveying the field of modern hermeneutics. Noting its repeated crisis of self-legitimation it traces these to circular beliefs bequeathed by Romanticism that human nature is self-begetting and can thus be known intimately and autonomously. After providing a historical overview of how human nature had been understood the focus shifts to the attack in Coleridge's *Biographia Literaria* on Wordsworth's 1802 Preface to *Lyrical Ballads* and to a reading of some key Romantic texts. It reads Coleridge's famous definition of the imagination as an attack on Romantic hermeneutics roots in the traditional view that man has been created in *Imago Dei*. This title will be of interest to students of literature.
