Bush appointed Judge John Jones III was unexpected in its stridency Not only did he conclude that intelligent design was religion and not science and therefore had no place in a science classroom he scolded the school board for wasting public time and money A sophisticated examination of the deep cultural religious and political tensions that continue to divide America The Battle Over the Meaning of Everything is also journalist Gordy Slack's personal and engaging story of the high drama and unforgettable characters on both sides of the courtroom controversy Gordy Slack Oakland CA has been writing about science and evolutionary biology for 15 years He is a regular commentator on KQED an affiliate of NPR and his articles have appeared in Mother Jones Salon.com Wired California Wild the San Francisco Chronicle and many other publications The Adverse Childhood Experiences Recovery Workbook Glenn R.
