

METAMORPHOSIS by Steven Berkoff

Characters: Mr Samsa
Mrs Samsa
Greta Samsa
Gregor Samsa

The FAMILY enters one at a time – backcloth lit – figures appear in silhouette. Each one enters in the character he or she is going to play, and performs a small mime condensing the personality into a few seconds. MOTHER is first – describes a sad face – leaves a painted heart and angst. FATHER next strolls boldly on in boots and costume of mid-European lower middle class tradesman – trousers in socks – braces – no jacket, looking like Hindenburg. Then GRETA, as student with violin. Then GREGOR, who just walks on a smiles – an amiable being.

As each speaks they form a line behind each other. On the last line they take on the movement of the insect by moving their arms in a particular rhythm. As no front lighting is used, this has the effect of an insect's leg movement.

Mr S: *[enters]* As Gregor Samsa awoke one morning from uneasy dreams . . .

Mrs S: *[enters]* . . . he found himself transformed in his bed into a gigantic insect . . .

Greta: *[enters]* His numerous arms, which were pitifully thin compared to the rest of his bulk waved helplessly before him.

[Movement starts. GREGOR is in front. Suddenly the movement stops – FAMILY dissolve the beetle image by moving away – leaving GREGOR still moving as part of the insect image.]

[Front lights come up revealing family.]

Gregor: What has happened to me?

Family: He thought.

Gregor: It was no dream.

Greta: He looked at the clock ticking on the chest . . .

Gregor: Half past six and the hands were quietly moving on.

Summary of The Metamorphosis by Franz Kafka getAbstract AG, 2019-10-21 Though he lived and died in obscurity Franz Kafka 1883 1924 managed to become one of the most influential authors of the 20th century Capturing his own feelings and fears on the page his intensely personalized stories prefigured the focus on the individual and his or her relationship to society a sentiment that dominated the latter half of the 1900s While The Metamorphosis predates the era when totalitarian ideologies attempted to harness the individual to the needs of the collective Kafka clearly saw how modern life demanded a submission of the will to the demands of the group both through the need to earn a living and to maintain social conventions By the 1960s his depiction of the crushing weight and ultimate futility of being a good son and brother became a banner for youth trying to create a better world based on individuality creativity and spontaneity While the mechanisms of conformity have changed the story still resonates today among readers left empty by a substantially richer but ultimately oppressive existence This summary of The Metamorphosis was produced by getAbstract the world's largest provider of book summaries getAbstract works with hundreds of the best publishers to find and summarize the most relevant content out there Find out more at getabstract.com
