Philosophy and Social Theory Patrick Murray, Jeanne Schuler, 2023-09-12 This book considers diverse philosophical topics unified by the identification of false moves commonly found in modern philosophy mainstream Anglo American philosophy and social theory The authors expose the sources of fundamental problems that recur in philosophy basic problems with what the authors call factoring philosophy Factoring philosophy fails to attend to the phenomenological task of determining when what is distinguishable is separable and when not Consequently factoring philosophy makes phenomenological mistakes false moves when it treats as separable what is only distinguishable Analytic philosophy is prone to false moves when it fails to

recognize that phenomenology is the necessary complement to analysis There is nothing wrong with analysis we might as well give up thinking as give up analysis and nothing is wrong with the values prized by analytic philosophy As Hegel observed philosophizing requires above all that each thought should be grasped in its full precision and that nothing should remain vague and indeterminate Ultimately this book contends that false moves prevail in philosophical analysis and social theory when they neglect their phenomenological foundations

Capitalism vs. Freedom Rob Larson,2018-06-29 For years we ve been taught that capitalism is good for freedom Dominant right wing talk radio hosts to this day recommend libertarian classics like Hayek s Road to Serfdom and Friedman s Capitalism and Freedom that claim markets free us and this picture still dominates the schools and the political spectrum Well get bent one percent because Rob Larson s Capitalism vs Freedom The Toll Road to Serfdom puts big business under a microscope This book debunks the conservative classics while demonstrating that the marketplace has its own great centers of power which the libertarian tradition itself claims is a limit to freedom In fact Larson illustrates how capitalism fails both this and other concepts of human liberty not just failing to establish a right to a share of society s production but also leaving us subject to the great power plays of the one percent s corporate property
