The Rhetorical Approach to 1 Thessalonians Ezra JaeKyung Cho, 2020-10-12 This book is the rhetorical approach to 1 Thessalonians particularly on funeral orations Though many scholars have interpreted 1 Thessalonians in light of a thematic perspective mirror reading and epistolary approach the author asserts that Paul employs elements of epideictic funerary oratory to persuade his audience Encountering the growing persecution sufferings and even death of members the believers of Thessalonica needed encouragement As a rhetorical strategist Paul needed effective methods to answer these problems which he did so with Greco Roman funeral orations Moreover this book delves into the funerary language with the paradoxical concepts Paul uses to illustrate topoi and the purpose of funeral oration in 1 Thessalonians Consequently this book proves these ideas by showing how funeral orations shed light on the whole of 1 Thessalonians in the exordium 1 Thess 1 2 3 the narratio 1 4 3 10 the consolation and exhortation 4 1 5 15 and peroratio with prayer 5 16 28 **The**

John Chrysostom on Divine Pedagogy David Rylaarsdam, 2014 Contrary to the portrayals of Chrysostom as a theologically impaired moralizing sophist this book argues that his thinking is remarkably coherent when it is understood on his own terms and within his culture Chrysostom depicts God as a teacher of philosophy who adaptably guides people toward salvation Since the theme of divine adaptability influences every major area of Chrysostom's thought tracing this concept provides a thorough introduction to his theology It also explains at least in part several striking features of his homilies including his supposed inconsistencies his harsh rhetoric and apparent political naivete his intentionally abridged and exoteric theological discussions and his lack of allegiance to an Antiochene school In addition to illuminating such topics the concept of adaptability stands at one of the busiest intersections of Late Antique culture for it is an important idea found in rhetoric and discussions about the best methods of teaching philosophy Consequently adaptability is an ingredient in the classical project of paideia and Chrysostom is a Christian philosopher who seeks to transform this powerful tradition of formation He gives his Christianized paideia a theological foundation by

adapting and seamlessly integrating traditional pedagogical methods into his reading and communication of Scripture David Rylaarsdam provides an in depth case study of one prominent leader s attempt to transform culture by forming a coherent theological discourse that was adapted to the level of the masses [Catalog of Copyright Entries](#) Library of Congress.
