is an 1851 novel by American writer Herman Melville. The book is sailor Ishmael's narrative of the obsessive quest of Ahab, captain of the whaling ship Pequod, for revenge on Moby Dick, the white whale that on the ship's previous voyage bit off Ahab's leg at the knee. A contribution to the literature of the American Renaissance, the work's genre classifications range from late Romantic to early Symbolist. *Moby Dick* was published to mixed reviews, was a commercial failure, and was out of print at the time of the author's death in 1891. Its reputation as a Great American Novel was established only in the 20th century after the centennial of its author's birth. William Faulkner confessed he wished he had written the book himself, and D. H. Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written. Its opening sentence, "Call me Ishmael," is among world literature's most famous.

Moby Dick or *The Whale* 1851 is a novel by Herman Melville in which Ishmael narrates the monomaniacal quest of Ahab, captain of the whaler Pequod, for revenge on the albino sperm whale Moby Dick, which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. Although the novel was a commercial failure and out of print at the time of the author's death in 1891, its reputation grew immensely during the twentieth century. D. H. Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written. *Moby Dick* is considered a Great American Novel and an outstanding work of the Romantic period in America and the American Renaissance. "Call me Ishmael" is one of world literature's most famous opening sentences. The product of a year and a half of writing, the book is dedicated to Nathaniel Hawthorne in token of my admiration for his genius and draws on Melville's experience at sea, on his reading in whaling literature, and on literary inspirations such as Shakespeare and the Bible. The detailed and realistic descriptions of whale hunting and of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. In addition to narrative prose, Melville uses styles and literary devices ranging from songs, poetry, and catalogs to Shakespearean stage directions, soliloquies, and asides. The author changed the title at the very last moment in September 1851. The work first appeared as *The Whale* in London in October 1851 and then under its definitive title *Moby Dick* in New York in November. The whale, however, appears in both the London and New York editions as *Moby Dick* with no hyphen. The British edition of five hundred copies was not reprinted during the author's life; the American of almost three thousand was reprinted three times at approximately 250 copies; the last reprinting in 1871. These figures are exaggerated because three hundred copies were destroyed in a fire at Harper's; only 3,200 copies were actually sold during the author's life.

The Originals Moby Dick Or The Whale HERMAN. MELVILLE, 2019-03-15 Originally published as *Moby Dick or The Whale* 1851 Herman Melville's masterpiece is one of the greatest American novels. The deceptively simple novel of the sea is filled with allegories and is open to interpretation both religious and agnostic amongst others. At the simplest level the novel narrates Captain Ahab's murderous obsession with the titular character the whale Moby Dick after he loses his leg to it on a whaling mission. His quest for revenge drives him insane and deeply affects those around him. Beautifully written Melville's masterly narrative comes to the fore in his magnum opus which was dedicated to American writer Nathaniel Hawthorne.
