Fe Mail The Trials And Tribulations Of Being A Good Egyptian Girl:

Fe-mail Amy Mowafi, 2008 *Arab Family Studies* Suad Joseph, 2018-07-10 Family remains the most powerful social idiom and one of the most powerful social structures throughout the Arab world To engender love of nation among its citizens national movements portray the nation as a family To motivate loyalty political leaders frame themselves as fathers mothers brothers or sisters to their clients parties or the citizenry To stimulate production economic actors evoke the sense of duty and mutual commitment of family obligation To sanctify their edicts clerics wrap religion in the moralities of family and family in the moralities of religion Social and political movements from the most secular to the most religious pull on the tender strings of family love to recruit and bind their members to each other To call someone family is to offer them almost the highest possible intimacy loyalty rights reciprocities and dignity In recognizing the significance of the concept of family this state of the art literature review captures the major theories methods and case studies carried out on Arab families over the past century The book offers a country by country critical assessment of the available scholarship on Arab families Sixteen chapters focus on specific countries or groups of countries seven chapters offer examinations of the literature on key topical issues Joseph s volume provides an indispensable resource to researchers and students and advances Arab family studies as a critical independent field of scholarship **Egypt** Mona L. Russell Ph.D., 2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events **Gender Is a Choice** Grace Alice Mukasa, 2018-10-31 *Gender Is a Choice* is a remarkable book that thoughtfully demystifies gender discrimination It shows the underlying causes of discrimination which lie deep in our cultures Based on the human rights perspective of equality and dignity Ms Mukasa reaffirms that we are all born equal without gender bias or prejudice and we all share a propensity to learn grow and maximize our innate potential to lead meaningful happy lives However societies have views based on cultural norms attitudes and beliefs that lead to unequal gender relations of power As a result many women and girls suffer This highly educational book highlights the key gender concepts and gives them meaning through a practical family portrait at the end Ms Mukasa decisively affirms that despite powerful socialization processes gender injustice can be overcome The key issue to transform is the traditional socialization

process The main tool is to create awareness of the embedded negative aspects concerning women's and men's relationships It calls upon men and women to appreciate that the current gender relations of power are unnatural and unacceptable They are man made and can be dismantled using our agency to make the right choices Women's disempowerment can be disrupted and gender justice can be promoted This book is relevant to all people since gender discrimination is universal and has universally negative consequences Gender discrimination must therefore be disrupted everywhere every time by everyone However Ms Mukasa makes her own choice to focus on the African gender context and the audience whose culture she understands best

Women's Movements and Countermovements Claudia Derichs, Dana Fennert, 2014-09-26 The relationship between social movements and their countermovements is an underrepresented research topic given the bulk of social movement studies that have been published to date Moreover empirical research on this topic primarily covers certain geographic areas of the world specifically what is commonly called the global North The mobilization of religious and women's movements against social change which strive for a preservation of the status quo and can be held responsible for a delayed expansion of reform oriented interest articulation is a rare topic of social movement literature too The authors of this volume address the issue of women's movements and countermovements in countries of Southeast Asia and the North African part of the MENA region They arrive at interesting constellations of coalition and competition between state and non state actors and religious and secular movements as well as within women's movements Covering case studies from Egypt Indonesia Malaysia Morocco and Tunisia the pattern of Islamist movements countering the goals of Muslim women's movements emerges as dominant

People, 2004-03 **Bookseller Newsman Incorporated**, 1894 **Rituals of Memory in Contemporary Arab Women's Writing** Brinda Mehta, 2007-04-26 This volume carefully assesses fixed notions of Arab womanhood by exploring the complexities of Arab women's lives as portrayed in literature Encompassing women writers and critics from Arab French and English traditions it forges a transnational Arab feminist consciousness Brinda Mehta examines the significance of memory rituals in women's writings such as the importance of water and purification rites in Islam and how these play out in the women's space of the hammam Turkish bath Mehta shows

how sensory experiences connect Arab women to their past Specific chapters raise awareness of the experiences of Palestinian women in exile and under occupation Bedouin and desert rituals and women s views on conflict in Iraq and Lebanon and the compatibility between Islam and feminism At once provocative and enlightening this work is a groundbreaking addition to the timely field of modern Arab women s writing and criticism and Arab literary studies
