And what are the best ways to provide a valuable learning experience while they're having fun and being entertained? Many of the most original, creative, and wildly effective ideas in storytime are contained in *Storytimes for Children*, a collection of fresh and vibrant programs created to be relevant, interesting, and fun for today's youngest generations. This collection of themed storytimes includes suggestions for opening and closing sessions, crafts, and activities, songs, poems, fingerplays, and movements, as well as the accompanying literature. Several of the included storytimes comprise a series of programs allowing for related activities that build upon each other. The text is organized into six chapters, each prefaced by an introduction that clarifies the strengths of the programs within. Each chapter covers a highly targeted age range to give practitioners the ability to easily choose the most appropriate storytimes for any given audience.

Teaching Evidence-Based Writing:

Fiction Leslie Blauman, 2016-09-19. One in a million. Yes, that's how rare it is to have so many write about reading strategies so beautifully put to use. Each year Leslie Blauman guides her students to become highly skilled at supporting their thinking about texts, and in *Evidence-Based Writing: Fiction* she shares her win-win process. Leslie combed the ELA standards and all her favorite books and built a lesson structure you can use in two ways: with an entire text or with just the excerpts she's included in the book. Addressing Evidence, Character, Theme, Point of View, Visuals, Words, and Structure, each section includes lessons you can use as teacher demonstrations or for guided practice with *Best the Test* tips on how to authentically teach the skills that show up on exams with the texts you teach. Prompt Pages serve as handy references giving students the key questions to ask themselves as they read any text and consider how an author's meaning and structure combine. Excerpts to Write About Pages feature carefully selected passages from novels, short stories, and picture books you already know and love, and questions that require students to discover a text's literal and deeper meanings. Write About Reading Templates scaffold students to think about a text efficiently by focusing on its critical literary elements or text structure demands and help them rehearse for more extensive responses. Writing Tasks invite students to transform their notes into a more developed paragraph or essay with sufficiently challenging tasks geared for grades 6-8. And best of all, your students gain a confidence in responding to complex texts and ideas that will serve them well in school, on tests, and in any situation when they are asked, "What are you basing that on? Show me how you know."

Price,2023-10-31 Speech and Silence in Contemporary Children s Literature brings a fresh perspective to a central literary question Who speaks by examining a variety of represented silences These include children who do not speak do not yet speak effectively or speak on behalf of others A rich and unexamined literary archive explores the problematics of children who are literally silent or metaphorically so because they cannot communicate effectively with adults or peers This project centers children s literature in the question

of voice by considering disability gender race and ecocriticism Children's literature rests on a paradox at the root of its own genre it is produced by an adult author writing to a constructed idea of what children should be By reading a range of contemporary children's literature this book scrutinizes how such texts narrate the child's journey from communicative alterity to a place of empowered adult speech Sometimes the child's verbal enclosure enables privacy and resistance At other times silence is coerced or imposed or arises from bodily impairment Children may act as intermediaries speaking on behalf of species that cannot Recently we have seen children exercise their voices on the world stage and as authors In all cases the texts analyzed here reveal speech as a minefield to be traversed Children who talk too much too little or with insufficient expertise pose problems to themselves and others Implicitly and sometimes explicitly they attempt to hold adults to account inside and outside the text Speech and Silence in Contemporary Children's Literature addresses this underconceptualized subject in what will be an important text for scholars of children's literature childhood studies English disability studies gender studies race studies ecopedagogy and education
