**What is Found There** Adrienne Cecile Rich, 1993 Drawing on her journals letters dreams memories and careful readings of many poets the award winning poet reflects on the influence of literature on American life and politics today By the author of *An Atlas of the Difficult World* [Adrienne Rich's Later Poetry](#) Alec Marsh, 2024-12-12 Reorienting understandings of Adrienne Rich's later work through her interest in Marx and Marxist politics this book engages with this overlooked part of her oeuvre through considerations of issues such as race nationhood and gender From 1983 onward after she visited revolutionary Nicaragua until the end of her life Rich's political vision can best be described as Marxist Humanist Until recently very little attention has been paid to Rich's interest in Marx there is no in depth treatment of the effect of Marx's humanistic philosophy on Rich's later work or even on her unwavering but altered dedication to Women's Liberation This book fills this gap showing how Rich's discovery of Marx's humanism affected her poetry In doing so it makes a significant intervention into debates about the direction of American poetics and argues powerfully for a greater consciousness of political engagement through poetry *American Poetry since 1945* Eleanor Spencer-Regan, 2017-09-16 This book features a collection of essays on some of the key poets of post war America written by leading scholars in the field All the essays have been newly commissioned to take account of the diverse movements in American poetry since 1945 and also to reflect retrospectively on some of the major talents that have shaped its development In the aftermath of the Second World War American poets took stock of their own tumultuous past but faced the future with radically new artistic ideals and commitments More than ever before American poetry spoke with its own distinctive accents and declared its own dreams and desires This is the era of confessionalism beat poetry protest poetry and avant garde postmodernism This book explores the work of John Berryman Robert Lowell Elizabeth Bishop Adrienne Rich and Sylvia Plath as well as contemporary African American poets and new poetic voices emerging in the 21st century This New Casebook introduces the major American poets of the post war generation evaluates their achievements in the light of changing critical opinion and offers lively incisive readings of some of the most challenging and enthralling poetry of the modern era [US Poetry in the Age of Empire, 1979-2012](#) P. Gwiazda, 2014-11-26 Examining poetry by Robert Pinsky Adrienne Rich and Amiri Baraka among others this book shows that leading US poets since 1979 have performed the role of public intellectual through their poetic rhetoric Gwiazda's argument aims to revitalize the role of poetry and its social value within an era of global politics **A Study Guide for Adrienne Rich's "Rusted Legacy"** Gale, Cengage Learning, 2016 A Study Guide for Adrienne Rich's *Rusted Legacy* excerpted from Gale's acclaimed *Poetry for Students* This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust *Poetry for Students* for all of your research needs [Women/Writing/Teaching](#) Jan Zlotnik Schmidt, 1998-01-15 This book presents autobiographical visions of women writing teachers their complex lives as writers as

instructors as feminists as professionals in the academy The authors explore their complex identities as teachers the particular configurations of their pasts gender class ethnic backgrounds personalities and cultures that have shaped their personae as instructors of writing The contributors explore the intersections of their past and present experiences that influence and guide their development as writers and as instructors of writing The book discusses how women can emerge from silence gain authority and power as professionals and balance the private and public aspects of their lives In addition it addresses how women constitute themselves as literacy teachers and what models of feminist pedagogy emerge Women Writing Teaching is notable for the range depth and richness of the chapters the dynamic interplay of voices approaches issues and concerns the multiethnic focus and the high quality of the writings It will prompt readers to explore their own life stories and to comprehend more fully women s complex lives as teaching professionals

Why Write Poetry? Jeannine Johnson, 2007 Poets have long been defending poetry in prose and essays by Sidney Shelley and others are a familiar and important part of the Anglo American literary tradition This book identifies and examines a related genre the verse defense of poetry which shares the same impulse that has led to the composition of prose essays namely the desire to protect poetry from its detractors and to promote its value as a vital human endeavor In the last century or so this impulse to engage questions of poetry s value in poems has become increasingly widespread and it has dominated the careers of at least five poets H D Wallace Stevens W H Auden Adrienne Rich and Geoffrey Hill Though these poets espouse very different aesthetic principles they like many of their contemporaries have repeatedly turned to apology in their verse At first glance this seems an odd gesture given that the readers and writers of poetry are those who least need convincing of poetry s worthiness But questioning poetry in verse is a form of lyric introspection that is productive and well suited for a modern poet characterized as one of indifference defense helps these authors make a claim for poetry s cultural relevance as well as for its private profit Jeannine Johnson is a Preceptor in Expository Writing at Harvard University
