[Just Revolution](#) Anna Floerke Scheid, 2015-06-17 Despite the U S Catholic Bishops 1983 declaration that insufficient analytical attention has been given to the moral issues of revolutionary warfare theological scholarship has been slow to engage in systematic analysis of what makes a revolution ethical or unethical *Just Revolution A Christian Ethic of Political Resistance and Social Transformation* aims to address this lacuna What principles and practices ought to guide people who want to free themselves from dictatorial or oppressive governments With this question in mind this book focuses on oppressed peoples as agents of their own processes of social transformation The model of just revolution proposed endeavors to limit violence to do the least possible harm while overcoming political oppression working toward a justice and promoting long term efforts at peacebuilding and sociopolitical reconciliation Using the South African struggle against apartheid as a case study *Just Revolution* posits an ethic for revolutionary activity that begins with nonviolent just peacemaking practices allows for limited and restrained armed resistance in accordance with revised just war criteria and promotes post revolutionary transitional justice and social reconciliation Together the practices and criteria that emerge from this study yield a rich and theologically grounded ethic of just revolution

Care for the Sorrowing Soul Duane Larson, Jeff Zust, 2017-10-26 Moral Injury is now recognized as a growing major problem for military men and women Operant conditioning can overwhelm moral convictions and yet the question of whether to shoot or not to shoot often will never have a settled answer Certain theories and treatment models about MI have been well developed but too often overlook root issues of religious faith The authors propose a new model for

understanding moral injury and suggest ways to mitigate its virtually inevitable occurrence in pre combat training and ways to resolve MI post trauma with proven spiritual resources People outside the military too among whom the incidence of MI also is a growing threat will benefit from this analysis The stories of the injured their shaping and their telling are the key and there are many illumining stories of moral injury and recovery Those who suffer MI their families and caregivers including counselors pastors and faith communities will find hope giving first steps toward the healing of MI in this book

The Violence of Climate Change Kevin J. O'Brien, 2017-06-01 Climate change is viewed as a primarily scientific economic or political issue While acknowledging the legitimacy of these perspectives Kevin J O'Brien argues that we should respond to climate change first and foremost as a case of systematic and structural violence Global warming is largely caused by the carbon emissions of the affluent emissions that harm the poor first and worst Climate change is violence because it divides human beings from one another and from the earth O'Brien offers a constructive and creative response to this violence through practical examples of activism and nonviolent peacemaking providing brief biographies of five Christians in the United States John Woolman Jane Addams Dorothy Day Martin Luther King Jr and Cesar Chavez These activists idealism social commitment and political savvy offer lessons of resistance applicable to the struggle against climate change and for social justice Jesus, Deliver Us Willard M. Swartley, 2019 Deliver us from the evil one is the Lord's cry from the Lord's Prayer Evil wears many faces in our modern world This book connects the Lord's Prayer to troubles of our times be it attacks from Satan the wars around the world the scourge of racism or the mass shootings of our time The subtitle of the book identifies the scope This book blends both deliverance from demonic bondage and witness to the powers in relation to political policies and government While the book aims to be a biblical theology on these topics it seeks also to address the praxis how these evils are confronted through healing deliverance ministries and what people of God say and do in witness to the powers The two streams of response to evil are really one as a faithful response to the saving work of the Lord God Almighty through Jesus Christ's victory over Satan sin evil and death Love your enemy confronts evil with power to transform

Introducing Catholic Social Thought J. Milburn Thompson, 2015-02-26 Introduces Catholic social teaching of the twenty first century and includes encyclicals of Benedict XVI **Questions for Christians** John Morreall, 2014-06-17 Questions for Christians The Surprising Truths behind Basic Beliefs asks whether or not Christians today have gotten Jesus message right drawing on the Bible and the history of Christianity for answers From the gender of God to what happens when we die Questions for Christians digs into some of the thorniest points of the Christian faith questions that many people would rather ignore Most Christians today believe in just wars but how do we reconcile this belief with Jesus saying Do not resist an evildoer But if anyone strikes you on the right cheek turn the other also or the pacifism of most early Christians Protestants and Catholics today generally believe that Jesus died on the cross to atone for our sins but most Orthodox Christians don't believe this and neither did most Western churches before 1100 What is the truth Drawing on sources both ancient and

modern John Morreall explores these issues while identifying points of controversy Some of the answers are surprising while others provide a more complete understanding of common beliefs **After the Smoke Clears** Mark J. Allman, Tobias Winright, 2022-07-21 While most studies of just war focus on the rationale for going to war and the conduct of the war this important book examines the period after the conflict What must be done to restore justice In the words of the authors Victory is declared by presidents and other leaders yet all too often no just peace is to be found in the wake of today's conflicts After the smoke clears the powers that be may declare mission accomplished when as Ezekiel long ago said there really is no peace Nurturing the Prophetic Imagination Jamie Gates, Mark Mann, 2012-11-06 Nurturing the Prophetic Imagination searches through biblical scholarship theology economics sociology politics ecology and history to discern the strands of God's justice and reconciliation at work in the contemporary world Nurturing the Prophetic Imagination challenges Christians to engage the most troubling social problems of our time by first drinking deeply from the well of the historic prophetic traditions Nurturing the Prophetic Imagination witnesses to a God that raises up prophets to speak at critical moments in every time and to what it might look like for the Church to nurture the soil from which such prophetic voices spring Rarely do such a wide variety of authors from such different backgrounds and vocations get together to name what the prophetic work of God looks like in our midst The radical justice and reconciliation of God can be found in every corner of life if we know where to look for it Nurturing the Prophetic Imagination provides some guidance in this direction Nurturing the Prophetic Imagination celebrates and seeks to build upon the legacy of eminent biblical scholar Walter Brueggemann's seminal work The Prophetic Imagination first published in 1978 by assessing the core insights and themes he develops through a number of different lenses These include contemporary biblical scholarship theology economics sociology politics ecology and church history Nurturing the Prophetic Imagination also discusses the extent to which the Christian prophetic tradition continues to speak meaningfully within the contemporary world and thereby seeks to be a source for inspiring future generations of Christian prophets to do likewise **Political Theology: A Guide for the Perplexed** Elizabeth Phillips, 2012-06-07 There is an increasingly intense interest in political theology amongst contemporary scholars and students Yet while there are many authors engaging in political theology there are very few resources about political theology which aim to orient students and other recent newcomers to the field This is a concise and accessible advanced introduction which distinguishes various approaches to political theology and which explores several of the central issues addressed in political theologies Theological students will be able to approach courses and readings in political theology with a renewed confidence with this overview in hand Beyond Slavery Chris Gooding, 2023-06-05 Is there life beyond slavery In the past twenty years there has been an explosion of research related to human trafficking However very little of it has examined the moral issues that survivors face after they are freed or that aftercare workers face as they help survivors try to live a life outside of bondage And there has been almost nothing written on how the tools of moral and political theology

might offer insight for Christians who wish to help survivors live a normal life after enslavement This book hopes to address this gap in the discussion Drawing on over fifty interviews with survivors aftercare workers and human trafficking specialists from his field work in India Chris Gooding confronts difficult questions that arise during rehabilitation Why do so many survivors of trafficking end up walking back into bondage What might life after slavery look like for survivors who helped enslave other people How can we build antislavery coalitions that keep survivors voices at the center Gooding looks at all these questions through the eschatological hope that Christians have that the Messiah will one day break every chain and free all people from all forms of bondage

Robotic Persons Joshua K. Smith, 2021-02-26 Robotic Persons will introduce the evangelical community to the journey of Robotic Futurism and how current and forthcoming AI driven robots will impact human value and dignity This book will consider three key areas of robotic development and the existential risks on the horizon for humans in the fields of work war and sex There are risks in the fields of work because there is a temptation to replace human workers with automation Current arguments for the benefit of war fighting robots posit that these robots will eliminate war and the risk of war but there is much more to the story Arguments for sex and companion robots proffer that they will benefit the fringe community or help those who do not have a relative to care for them but again there are many ethical and philosophical problems with these arguments Robotic Persons not only introduces the reader to these issues but also gives an evangelical response to each There is presently no evangelical work addressing these critical issues Robotic Persons will argue that granting legal personhood to qualified

The Nonviolent Messiah Simon J. Joseph, 2014-06-02 When scholars have set Jesus against various conceptions of the messiah and other redemptive figures in early Jewish expectation those questions have been bound up with the problem of violence whether the political violence of a militant messiah or the divine violence carried out by a heavenly or angelic figure Missing from those discussions Simon J Joseph contends are the unique conceptions of an Adamic redeemer figure in the Enochic material conceptions that informed the Q tradition and he argues Jesus own self understanding
