Why Terrorism Works Understanding The Threat Responding:

Why Terrorism Works Alan M. Dershowitz, 2008-10-01 DIVThe greatest danger facing the world today says Alan M Dershowitz comes from religiously inspired state sponsored terrorist groups that seek to develop weapons of mass destruction for use against civilian targets In his newest book Dershowitz argues passionately and persuasively that global terrorism is a phenomenon largely of our own making and that we must and can take steps to reduce the frequency and severity of terrorist acts Analyzing recent acts of terrorism and our reaction to them Dershowitz explains that terrorism is successful when the international community gives in to the demands of terrorists or even tries to understand and eliminate the root causes of terrorism He discusses extreme approaches to wiping out international terrorism that would work if we were not constrained by legal moral and humanitarian considerations And then given that we do operate under such constraints he offers a series of proposals that would effectively reduce the frequency and severity of international terrorism by striking a balance between security and liberty div Grundlagen und Grenzen des Folterverbotes in verschiedenen Rechtskreisen Anja Katarina Weilert, 2008-10-25 Das absolute Verbot der Folter wesentlicher Bestandteil der gro en internationalen Menschenrechtsvertr ge des 20 Jahrhunderts ist in j ngster Zeit in die Diskussion geraten Die vorliegende Arbeit untersucht die Reichweite des Folterverbotes zun chst auf der Ebene des V lkerrechts und sodann in verschiedenen Rechtskreisen am Beispiel der deutschen israelischen und pakistanischen Rechtsvorschriften Besondere Aufmerksamkeit wird dabei der Frage nach der Zul ssigkeit von Folter zum Zwecke der Gefahrenabwehr gewidmet Es werden im Rahmen dieser Untersuchung neben der Darstellung der Rechtslage insbesondere auch die Auswirkungen des jeweiligen historisch kulturell bedingten Verst ndnisses der Menschenw rde auf das Folterverbot analysiert **Grundlagen der Kriminologie** Hans Joachim Schneider, 2011-06-24 Das Internationale Handbuch der Kriminologie dient Lehr Forschungs und Nachschlagezwecken und informiert ber alle wesentlichen Bereiche der Kriminologie auf dem neuesten internationalen und nationalen Stand der Forschung Dabei legt es besonderes Gewicht auf die europ ische und internationale sozialwissenschaftliche und empirische Kriminologie ohne die deutschsprachige Kriminologie zu vernachl ssigen Praktiker der Strafrechtspflege werden ber die neuesten kriminologischen Erkenntnisse informiert und erhalten so Hilfestellung bei der L sung praktischer Probleme des strafrechtlichen strafprozessualen und strafvollzuglichen Alltags Durch seine internationale und europ ische sozialwissenschaftliche Ausrichtung will es der Bereicherung und Entwicklung der deutschsprachigen Kriminologie dienen Vierzig f hrende Kriminologen aus zehn L ndern haben die Bearbeitung vorgenommen Der erste Band des Internationalen Handbuchs der Kriminologie widmet sich in 25 Kapiteln den Grundlagen der Kriminologie Allgemeiner Teil In der ersten Sektion geht es um die Kriminologie als autonome interdisziplin re und internationale Wissenschaft Begriff und Aufgaben europ ische und nordamerikanische Geschichte Theorien und Methoden der Kriminologie werden dargestellt Die Kapitel der zweiten Sektion kreisen um Kriminalit tsumfang verbreitung und

Sinclair, Daniel Antonius, PhD, 2013-09-19 The Political Psychology of Terrorism Fears examines how emotional responses to terrorism and specifically fear impact on political processes in multiple international contexts The volume presents an integrated collection of empirical and theoretical studies and discusses the implications of this body of research *Talking to Terrorists* Jonathan Powell, 2014-10-02 Across the world governments proclaim that they will never negotiate with evil And yet they always have and always will From jungle clearings to stately homes and anonymous airport hotels Talking to Terrorists puts us in the room with the terrorists secret agents and go betweeners who seek to change the course of history Jonathan Powell has spent nearly two decades mediating between governments and terrorist organisations Drawing on conflicts from Colombia and Sri Lanka to Palestine and South Africa this optimistic wide ranging authoritative book is about how and why we should talk to terrorists Essential reading Independent Fascinating Sunday Times Now includes a new Afterword Talking to ISIL Perfect for fans of The Looming Tower The Harbinger Theory Robert Diab, 2015 The Harbinger Theory demonstrates that extreme measures have been consistently embraced in politics scholarship and public opinion not in terms of a general fear of the greater threat that terrorism now poses but a more specific belief that 9 11 was the harbinger of a new order of terror giving rise to the likelihood of an attack on the same scale as 9 11 or greater in the near future involving thousands of casualties and possibly weapons of mass destruction It explains how the harbinger theory shapes debates about rights and security by virtue of rhetorical strategies on the part of political leaders and security experts and in works of popular culture in which the theory is often invoked as a self evident truth without the need for supporting evidence or authority **Rationalitäten der Gewalt** Susanne Krasemann, Jürgen Martschukat, 2015-07-15 Moderne Gesellschaften beruhen auf dem Selbstverständnis Gewalt einzuhegen

Das völkerrechtliche Folterverbot und der "Krieg gegen den Terror" Dominik Steiger, 2013-11-18 Seit dem 11. September 2001 ist die Welt nicht mehr so wie sie vorher war Dass heute von der Rückkehr der Folter gesprochen wird wäre noch ganz zu Beginn des neuen Jahrtausends unvorstellbar gewesen ebenso wie die Rede von einem Krieg gegen den Terror Angesichts der neuen Bedrohungen durch den Terrorismus finden sich Stimmen in Politik Gesellschaft und Wissenschaft die die Folter in Ausnahmefällen zur Rettung von Menschenleben gutheißen legalisieren wollen oder gar für schon legal erachten trotz eines absolut geltenden völkerrechtlichen Folterverbots Die Hauptfrage die in dieser Arbeit gestellt und affirmativ beantwortet wird ist ob auch in diesen bedrohlichen Zeiten das Folterverbot zu jeder Zeit an jedem Ort und unter allen Umständen zu befolgen ist

Terrorism Unjustified Vicente Medina, 2015-10-29 Vicente Medina challenges common misconceptions and excuses for extreme political violence Countering such axioms as one man's freedom fighter is another man's terrorist and the do whatever it takes attitude toward counter terrorism Medina differentiates between justified political violence and unjustifiable terrorism Surveying terrorism with both historical and contemporary examples Medina dispels the relativism and emotional responses that have been used by some to justify terrorist acts Medina draws on philosophical concepts like just war theory while adding social and political science perspectives to contextualize today's terrorism within current international law and moral attitudes

When Does Terrorism Work? Diego Muro, 2018-06-27 This book examines the question of when terrorism works Determining if political violence is effective and if at all possible when it is effective is vital for both intellectual and practical reasons The volume contains chapters from scholars who have been at the forefront of the efficaciousness debate and argues that terrorism can be effective in delivering tactical returns but is largely ineffective in realizing strategic goals The book considers the pros and cons of choosing coercive intimidation to serve political ends from both a theoretical perspective and case study approach It also outlines some of the methodological problems inherent in the academic debate that has taken place thus far on the subject and suggests ways forward for making future scholarship in this area more inclusive systematic and dialogically fruitful than it has been to date

Does Terrorism Work? Richard English, 2019-02-21 Terrorism is one of the most significant security threats that we face in the twenty-first century Not surprisingly there is now a plethora of books on the subject offering definitions of what terrorism is and proffering advice on

what causes it and how states should react to it But one of the most important questions about terrorism has until now been left remarkably under scrutinized does it work Richard English now brings thirty years of professional expertise studying terrorism to the task of answering this complex and controversial question Focussing principally on four of the most significant terrorist organizations of the last fifty years al Qaida the Provisional IRA Hamas and ETA and using a wealth of interview material with former terrorists as well as those involved in counter terrorism he argues that we need a far more honest understanding of the degree to which terrorism actually works as well as a more nuanced insight into the precise ways in which it does so Only then can we begin to grapple more effectively with what has become one of the most challenging and eye catching issues of our time

Policing and Combating Terrorism in Northern Ireland Neil Southern, 2018-04-12 This book explores the challenges of combating terrorism from a policing perspective using the example of the Royal Ulster Constabulary GC RUC in Northern Ireland The RUC was in the frontline of counter terrorism work for thirty years of conflict during which time it also provided a normal policing service to the public However combating a protracted and vicious terrorist campaign exacted a heaving price on the force Importantly the book addresses a seriously under researched theme in terrorism studies namely the impact of terrorism on members of the security forces Accordingly the book examines how officers have been affected by the conflict as terrorists adopted a strategy which targeted them both on and off duty This resulted in a high percentage of officers being killed whilst off duty sometimes in the company of their wives and children The experience of officers wives is also documented thus highlighting the familial impact of terrorism Generally speaking the victims of terrorist attacks have received scant scholarly attention which has resulted in victims experiences being little understood This piece of work casts a specific and unique light on the nature of victimhood as it has been experienced by members of this branch of the security forces in Northern Ireland

Debating Terrorism and Counterterrorism Stuart Gottlieb, 2025-04-15 This innovative text now in its third edition focuses students on engaging and informative debates on the most crucial issues in the field of terrorism and counterterrorism Leading scholars practitioners and think tank experts provide original essays that juxtapose pro and con arguments on hotly contested topics of clear importance to the understanding of the past present and future of terrorism and counterterrorism These include disagreements over the evolving nature of terrorist organizations whether terrorism is ever justified the role of poverty as a root cause of terrorism whether militant jihadism or far right extremism poses the greater terror threat the likelihood of nuclear terrorism whether military or non military solutions should lead counterterrorism efforts the utility of international organizations in helping to combat terrorism and whether trade offs with civil liberties are necessary to protect national security in an age of mass casualty terrorism The book s editor frames all twelve debate chapters six each for terrorism and counterterrorism with incisive headnotes providing historical context and highlighting the critical stakes involved for each topic By the book s end readers will have a sophisticated grasp of the terrorism challenges conundrums and counter options

being considered and contested in academic departments and policy circles in the United States and around the world

Scripts of Terror Benedict Wilkinson, 2020-02-01 This book explores terrorism as a strategic choice one made carefully and deliberately by rational actors Through an analysis of the terrorist groups of Egypt Saudi Arabia and Yemen this book charts a series of different strategic scripts at play in terrorist behavior from survival to efforts in mobilizing a supporter base through to the grinding attrition of a long terrorist campaign The theme that runs through all the organizations is the unbridgeable gap between their strategic vision and what actually unfolds Regardless of which script terrorists follow they often fall short of achieving their political ambitions And yet despite its frequent failure the terrorist strategy is returned to time and again people continue to join such groups and to commit mindless acts of violence Scripts of Terror explores the reasons behind this It asks why if terrorism is so rarely successful and so hard to pull off its approach remains an appealing one And it examines how terrorists formulate their strategies and how they envisage achieving their ambitions through violence Most importantly it explores why they so often fail

Reluctant Engagement: U.S. Policy and the International Criminal Court Mark D. Kielsgard, 2010-09-24 Why has the United States taken such a firm stance against the International Criminal Court ICC and expended such diplomatic goodwill in an attempt to dismantle a tribunal that poses no serious risk to its citizens This book critiques causal ideologies such as American exceptionalism state sovereignty and laissez faire capitalism to show how U S opposition is driven by pervasive political legal historic military and economic conditioning factors It shows how U S attitudes transcend partisan politics and predicts how the U S ICC relationship will be affected by the economic crisis shifting international geopolitical power structures the crisis in the U S military unfolding international human rights law and the politics of change promised by the nascent Obama administration The United States has been at the centre of international criminal justice initiatives from Nuremberg to the more recent ad hoc tribunals for the former Yugoslavia Rwanda Sierra Leone and Lebanon But its position has been lukewarm and sometimes in the darkest days of the Bush administration outright hostile to the International Criminal Court Filling a gap in the literature Dr Mark Kielsgard reviews the history of American policy analysing the factors that have driven it making useful and practical suggestions aimed at greater engagement of the United States with the International Criminal Court Professor William A Schabas

Traces of Terrorism, II Matthias Plügge, 2025-08-14 In this second volume of Traces of Terrorism the focus is on Jihadist organizations such as al Qaeda and Islamic State The volume begins with 9 11 al Qaeda s attacks on the World Trade Center in New York and the Pentagon in Washington The Global War on Terrorism that followed in response is described in detail as is the hunt for Osama bin Laden and his killing by US Navy SEALs It also covers terrorist organizations operating in Africa and Asia as well as so called franchise groups radicalized sympathizers who carried out attacks in the name of al Qaeda The book concludes with terrorism in the US in recent years and the growing threat of domestic
