Uniting History and Theology Seth Heringer, 2018-06-04 *Uniting History and Theology* argues that for too long Christians primarily have used the historical method to make historical claims. In doing so they have used a method grounded in an incomplete understating of German historicism thereby closing off investigation of the past from the aesthetic and God. The author contends that Martin Kähler, Wolfhart Pannenberg and N. T. Wright have been unsuccessful in their attempts to unify history and theology because they have not yet rejected the historical method as the primary way to think about past events. Unsatisfied with the various mixtures of history and theology the volume looks to the contemporary philosophy of history for new approaches. After having examined these approaches and their critiques of the current historical method the work proposes that an intentionally Christian method is needed. Setting out five cairns that mark the path forward for such a method the author argues that narratives must be taken seriously; objectivity and neutrality do not exist in historical accounts; historians must find ways to unite the past, present and future; aesthetics should be used to judge historical narratives; and Christians should write boldly Christian history.

Monumental Names Galina Oustinova-Stjepanovic, 2022-12-30 What stands behind the propensity to remember victims of mass atrocities by their personal names? Grounded in ethnographic and archival research with Last Address and Memorial, one of the oldest independent archives of Soviet political repressions in Moscow and a winner of the Nobel Peace Prize, the book examines a version of archival activism that is centred on various practices of documentation and commemoration of many dead victims of historical violence in Russia to understand what kind of historicity is produced when a single name is added to an endless list. What do acts of accumulation of names of the dead affirm when they are concretised in monuments and performance events? The key premise is that multimodal inscriptions of names of the dead entail a political aesthetic and conceptual movement between singularity and multitude that honours each

dead name yet conveys the scale of a mass atrocity without reducing it to a number Drawing on anthropology history philosophy and aesthetic theory the book yields a new perspective on the politics of archival and historical justice while it critically engages with the debates on relations and distinctions between names and numbers of the dead monumental art and its political effects law and history image and text the specific one and the infinite many [Trampling the Serpent: Vietnam POW](#) John Fer Colonel USAF-Retired,2022-11-14 Vietnam is sometimes called the land of the rising serpent or dragon because its geographical landmass resembles a serpent or dragon in an upward configuration In this book taken from Colonel Fer s personal experience of more than six years of Communist incarceration at the hands of the North Vietnamese one learns of his surprising actually shocking awakening from the idyllic world of an idealistic future oriented combat pilot backward into the ancient world of warfare where brutality toward POWs was the norm Wounded by shrapnel when his EB 66C aircraft was shot down by surface to air missiles on February 4 1967 he recounts his seventy three months of captivity which brought him face to face with mistreatment and deprivation and Communist charge that he was a war criminal and subject to tribunals It was also a world of deprivation that ignored any considerations of treatment according to international diplomatic agreements or international humanitarian law A bachelor when he was captured and denied any communication with them for over three years Colonel Fer articulates his parents actions in trying to learn his fate for the nearly four years it was unknown to them Throughout his imprisonment his resistance to brutal treatment and intense Communist attempts to indoctrinate him with anti Americanism Colonel Fer relied on his three faiths in God in America and in his fellow POWs The release of the POWs in 1973 was a joyous international event of immense proportions and he describes his return to America on March 8 the attention and the numerous requests for speaking engagements and other public appearances The events of his return also eventually brought his marriage to Nancy whom he still holds in great reverence Colonel Fer describes his experience as a POW as the best thing that ever happened to him because it brought clarity of how to better understand America and its people **Popular Science** ,1987-09 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Robert E.
