Investigating the Impact of Information Communication Technology on Self-directed Professional Development of Teachers Emmanuel Mushayikwa, 2011-03-02 The aim of this research was to investigate the perceived impact of ICT on Zimbabwean A level science and mathematics teachers self directed professional development The study was based on a questionnaire survey of 254 teachers throughout the country Supplementary data came from 54 interviews Some observations of teachers using ICT in teacher centres e mail correspondence and field reports also contributed to the database of the study An analysis framework was developed through the use of grounded theory on the interview transcripts The framework yielded 9 themes relating to the teachers use of ICT for their professional development These were 1 perceived professional identity 2 career development 3 Managing the ICT environment 4 theoretical and content knowledge 5 practical knowledge and skills 6 adaptation 7 professional networking and 8 9 perceived benefits to teachers and students Chaos complexity theory was used to identify the major attractors goals for teachers self directed professional development using ICT Two attractors were identified These were personal professional development and classroom practice However an overriding factor common to both attractors was identified as self efficacy The study identified the overarching driver for

self directed professional development as the teacher s need to improve their self efficacy A two dimensional model of self directed professional development was suggested The systemic element of the model focused on the self correcting impact of ICT use on professional development whilst the personal element focused on self efficacy as the central stratum for self directed professional development The study concluded by acknowledging the potent role that ICT is playing in the self directed continuing professional development of teachers in Zimbabwe and recommended among other things the inclusion of A level teachers in the development of localised online materials resources for their subjects This will help to enhance relevance of the materials to the Zimbabwean context **The Zimbabwe Science News** ,1999 Beyond the Enclave Godfrey Kanyenze,Timothy Kondo,2011-07-26 Beyond the Enclave sets out to unravel the contradiction of a country Zimbabwe where a rich diverse resource base co exists with endemic poverty One reason lies in the colonial economy which was predicated on an ideology of white supremacy creating an enclave formal economy employing one fifth of the labour force Yet over three decades after independence the non formal segment has become even more entrenched This book assesses Zimbabwes economy through three main phases 1980 90 when a strong social policy framework proved difficult to sustain due to erratic growth and 1991 96 when structural adjustment demanded a market driven approach to development The third phase is characterized by crisis management leading to policy inconsistencies and reversals Not surprisingly such incoherence saw the economy descend into hyperinflation and paralysis in 2007 2008 leading to the signing of the Global Political Agreement in September 2008 In the absence of formal dollarization economic recovery after the adoption of the multi currency regime has remained fragile leaving an estimated 70 per cent of the population outside the banking system This has further entrenched uneven enclave growth as the economy remains locked in a low income poverty trap There is a need to facilitate transition towards formality to promote decent jobs Furthermore a strategic developmental role for the state in the economy is now widely recognized as vital for development Beyond the Enclave argues for a new approach to development in Zimbabwe based on pro poor and inclusive strategies which will contribute to the well being of all of its citizens and wise stewardship of its resources It offers suggestions on policy formulation implementation monitoring and evaluation in all sectors designed to promote inclusive growth and humane development *Reshaping Entrepreneurial Education Within an Industry 4.0 Context* Naidoo, Vannie,Verma, Rahul,2024-01-17 Higher education is constantly changing and advancing and the integration of technology and its transformative potential remains elusive for many universities globally While other industries have surged forward with digitization higher education has been slow to completely embrace technology driven outcomes Reshaping Entrepreneurial Education Within an Industry 4 0 Context sheds light on the barriers preventing widespread technological adoption and the profound changes that Industry 4 0 brings to education As the fourth industrial revolution Industry 4 0 continues to unfold this book delves into how this phenomenon is reshaping the field of education This book presents a comprehensive analysis of how digital technology and capabilities are becoming integral to

building more flexible and adaptive tertiary education systems in regions like Latin America and the Caribbean It also highlights the challenges faced by online learning and the urgent need for a fundamental rethinking of higher education to ensure equal access to quality education This publication addresses a diverse audience making it an essential resource for students academicians and higher education administrators seeking an in depth understanding of Reshaping Entrepreneurial Education Within an Industry 4 0 Context For practitioners it provides valuable insights to enrich their work in the realm of higher education The book covers a broad spectrum of key themes including the impact of the 4th industrial revolution on entrepreneurial education the transformative power of online learning in global universities and the hurdles faced in adopting digital education Additionally the experts behind this research delve into how information and communication technologies ICTs are influencing educational policies and teaching methods worldwide as well as the role of metaverse technologies in designing curricula for entrepreneurial education
