Caring for Mom and Dad Susan Stein-Roggenbuck, 2023-10-05 Throughout the twentieth century the United States implemented social policies targeting the needs of dependent parents parents who were no longer able to work but lacked sufficient financial resources to support themselves These parent dependency policies either encouraged or required family members particularly adult children to provide support as an alternative to government benefits Debates over how best to support aging parents centered on conceptualizations of dependency and the moral obligations family owed their parents Measures of dependency often inhibited aging Americans access to benefits they needed focusing instead on ensuring that they were in fact dependent and that other family resources were not available Susan Stein Roggenbuck highlights this understudied aspect of the modern US welfare state highlighting the limited support provided to aging parents and the hardship they and their adult children endured in the efforts to minimize public expenditures Alternative

Rhetorics Laura Gray-Rosendale, Sibylle Gruber, 2001-04-19 Alternative Rhetorics questions traditional canons of rhetorical thought and offers new perspectives on rhetorics historically overlooked within Western culture Along with establishing new methodologies for investigating the history of rhetorics the book also explores rhetoric s changing relationship with technology By challenging the reader s understanding of rhetoric and the rhetorical tradition Alternative Rhetorics provides insights that will allow researchers educators and students to rethink their own position in a rhetorical world *Older*

Death, Mourning, and the Afterlife in Korea Charlotte Horlyck, Michael J. Pettid, 2014-05-31 Death and the activities and beliefs surrounding it can teach us much about the ideals and cultures of the living While biologically death is an end to physical life this break is not quite so apparent in its mental and spiritual aspects Indeed the influence of the dead over the living is sometimes much greater than before death This volume takes a multidisciplinary approach in an effort to provide a fuller understanding of both historic and contemporary practices linked with death in Korea Contributors from Korea and the West incorporate the approaches of archaeology history literature religion and anthropology in addressing a number of topics organized around issues of the body disposal of remains ancestor worship and rites and the afterlife The first two chapters explore the ways in which bodies of the dying and the dead were dealt with from the Greater Silla Kingdom 668 935 to the mid twentieth century Grave construction and goods cemeteries and memorial monuments in the Kory 918 1392 and the twentieth century are then discussed followed by a consideration of ancestral rites and worship which have formed an inseparable part of Korean mortuary customs since premodern times Chapters address the need to appease the dead both in shamanic and Confucian contexts The final section of the book examines the treatment of the dead and how the state of death has been perceived Ghost stories provide important insight into how death was interpreted by common people in the Kory and Chos n 1392 1910 while nonconformist narratives of death such as the seventeenth century romantic novel Kuunmong point to a clear conflict between Buddhist thought and practice and official Neo Confucian doctrine Keeping with unendorsed views on death the final chapter explores how death and the afterlife were understood by early Korean Catholics of the eighteenth and nineteenth centuries **Death Mourning and the Afterlife in Korea** fills a significant gap in studies on Korean society and culture as well as on East Asian mortuary practices By approaching its topic from a variety of disciplines and extending its historical reach to cover both premodern and modern Korea it is an important resource for scholars and students in a variety of fields **Chronicling Poverty** Tim Hitchcock, Pamela Sharpe, Peter King, 1997-03-15 Over the last

twenty years more and more historians of the eighteenth and early nineteenth centuries have turned their eyes away from the records of central administration towards local archives and the lives of the poor What they have found is a wealth of sources some of which chronicle the lives and many of which record the words of working people This book will bring together some of the best work based on these sources *Deceptive Social Security Mass Mailings to the Elderly* United States. Subcommittee on Social Security and Family Policy,1990 Immigration Controls, the Family and the Welfare State Steve Cohen,2001 For social and welfare workers the complexities of immigration law may at first appear daunting In this book Steve Cohen examines the law as it applies to the family and welfare giving pointers for good practice Tax Consequences of Contributions to Needy Older Relatives United States.
