*Fire and Fury* Michael Wolff, 2018-01-05 SUNDAY TIMES NUMBER ONE BESTSELLER NEW YORK TIMES NUMBER ONE BESTSELLER With extraordinary access to the Trump White House Michael Wolff tells the inside story of the most controversial presidency of our time The first nine months of Donald Trump's term were stormy outrageous and absolutely mesmerising Now thanks to his deep access to the West Wing bestselling author Michael Wolff tells the riveting story of how Trump launched a tenure as volatile and fiery as the man himself In this explosive book Wolff provides a wealth of new details about the chaos in the Oval Office Among the revelations What President Trump's staff really thinks of him What inspired Trump to claim he was wire tapped by President Obama Why FBI director James Comey was really fired Why chief strategist Steve Bannon and Trump's son in law Jared Kushner couldn't be in the same room Who is really directing the Trump administration's strategy in the wake of Bannon's firing What the secret to communicating with Trump is What the Trump administration has in common with the movie *The Producers* Never before has a presidency so divided the American people Brilliantly reported and astoundingly fresh Michael Wolff's *Fire and Fury* shows us how and why Donald Trump has become the king of discord and disunion

*On the Brink* Van Jackson, 2019 Former Pentagon insider Van Jackson explores how Trump and Kim reached and avoided the precipice of nuclear war

**Fire's Fury** Sharada M Subrahmanyam, History gets distorted over the generations but the Heirs of the Elements still remember the things the way it was The Heirs one each for Earth Air Fire Water and Ether carry on the legacy of their forbearers but even they do not know all the hidden facts of the creation of the universe Join the Heirs as they try to fight a dangerous enemy mere days after they claimed their place as the Heirs of the Elements Will the loss of our history destroy our future Or will the world survive despite all the odds being against it

**American Nightmare** Henry A. Giroux, 2018-07-03 Are we in the beginning of a new fascist era As white supremacy ultra nationalism rabid misogyny and anti immigrant fervor coalesce a new and uniquely American form of fascism looms Could our current moment actually bring about the end of democracy in the United States Are Americans willing to surrender their freedom and dignity along with their ongoing struggle for equality justice and mutual respect in the face of the rising tide of political and ideological extremism In this provocative collection of essays Henry Giroux warns of the consequences of doing too little as Trump and the so called alt right relentlessly attack critics journalists and target the hard earned civil rights of women people of color immigrants the working class and low income Americans As we face down the frightening reality of living under a system that serves only the interests of the wealthy few Giroux makes a passionate call for ordinary citizens to organize educate and resist by all available means Praise for *American Nightmare* In this current era of corporate media misdirection and misinformation Henry Giroux is one of the few great political voices of today with powerful insight into the truth Dr Giroux is defiantly explaining against the grain what's REALLY going on right now and doing so quite undeniably Simply put the ideas he brings forth are a beacon that need to be seen and heard and understood

in order for the world to progress Julian Casablancas lead vocalist for The Strokes In frightening times like these what is desperately needed is an informed and wise voice that speaks clearly and with conviction about the situation we are in and what can be done Henry Giroux is one of the great public intellectuals of our times and American Nightmare is exactly the book for people grappling with how to understand the Trump era and how to proceed This is precisely the book that needs to be shared with friends and acquaintances It will provoke hard thinking bring clarity and stimulate much needed conversation and action Robert W McChesney co author of People Get Ready The Fight Against a Jobless Economy and a Citizenless Democracy We have no greater chronicler of these dystopian times Giroux s critique cuts to the crux of today s authoritarian crisis yet his voice remains of one hope that the people may collectively regain control Even while living through systemic efforts to privatize hope Giroux s critique enacts the sort of shared resistance that can effectively challenge authoritarianism American Nightmare demonstrates how we can resist the normalization of hate authoritarianism and alienation in Trump s America He shows us that not only are we not alone but we are among a majority who oppose the cruelties of American social policies David H Price author of Cold War Anthropology The CIA and the Growth of Dual Use Anthropology At a moment when the news cycle presents the dangers of Trumpian authoritarianism through disjointed and discrete hottakes Giroux s wide reaching analysis accounts for our current American nightmare with necessary historical context and in so doing creates an aperture for resistance more meaningful than a hashtag Natasha Lennard contributing writer for The Intercept co editor of Violence Humans in Dark Times

**The Sound of the City** Charlie  
Gillett, 2011-05-01 Charlie Gillett a British journalist loves the music and his passion is evident throughout The Sound of the  
City Yet the greatest strength of the book is the way Gillett tracks the resistance of the music industry to early rock and roll  
which was followed needless to say by a frantic rush to engulf and devour it When first published The Sound of the City was  
hailed as having never been bettered as the definitive history of rock Guardian Now the classic history of rock and roll has  
been revised and updated with over 75 historic archive photos The text has been substantially revised to include newly  
discovered information and it is now the one essential work about the history of rock n roll Jon Landau in Rolling Stone

*Record Makers and Breakers* John Broven, 2011-08-11 This volume is an engaging and exceptional history of the  
independent rock n roll record industry from its raw regional beginnings in the 1940s with R Marshall Chess of Chess

Hecker, 2023-01-10 North Korea remains a puzzle to Americans How did this country one of the most isolated in the world and in the policy cross hairs of every U.S. administration during the past 30 years progress from zero nuclear weapons in 2001 to a threatening arsenal of perhaps 50 such weapons in 2021 *Hinge Points* brings readers literally inside the North Korean nuclear program joining Siegfried Hecker to see what he saw and hear what he heard in his visits to North Korea from 2004 to 2010 Hecker goes beyond the technical details described in plain English from his on the ground experience at the North's nuclear center at Yongbyon to put the nuclear program exactly where it belongs in the context of decades of fateful foreign policy decisions in Pyongyang and Washington Describing these decisions as hinge points he traces the consequences of opportunities missed by both sides The result has been that successive U.S. administrations have been unable to prevent the North with the weakest of hands from becoming one of only three countries in the world that might target the United States with nuclear weapons Hecker's unique ability to marry the technical with the diplomatic is well informed by his interactions with North Korean and U.S. officials over many years while his years of working with Russian Chinese Indian and Pakistani nuclear officials have given him an unmatched breadth of experience from which to view and interpret the thinking and perspective of the North Koreans *New York City Blues* Larry Simon, 2021-07-29 A first ever book on the subject *New York City Blues* Postwar Portraits from Harlem to the Village and Beyond offers a deep dive into the blues venues and performers in the city from the 1940s through the 1990s Interviews in this volume bring the reader behind the scenes of the daily and performing lives of working musicians songwriters and producers The interviewers capture their voices many sadly deceased and reveal the changes in styles the connections between performers and the evolution of New York blues *New York City Blues* is an oral history conveyed through the words of the performers themselves and through the photographs of Robert Schaffer supplemented by the input of Val Wilmer Paul Harris and Richard Tapp The book also

features the work of award winning author and blues scholar John Broven Along with writing a history of New York blues for the introduction Broven contributes interviews with Rose Marie McCoy Doc Pomus Billy Butler and Billy Bland Some of the artists interviewed by Larry Simon include Paul Oscher John Hammond Jr Rosco Gordon Larry Dale Bob Gaddy Wild Jimmy Spruill and Bobby Robinson Also featured are over 160 photographs including those by respected photographers Anton Mikofsky Wilmer and Harris that provide a vivid visual history of the music and the times from Harlem to Greenwich Village and neighboring areas New York City Blues delivers a strong sense of the major personalities and places such as Harlem s Apollo Theatre the history and an in depth introduction to the rich variety sounds and styles that made up the often overlooked New York City blues scene
