

A detailed, colorful microscopic illustration of the intestinal mucosa. The image shows numerous villi (finger-like projections) and crypts (gaps between villi). The villi are covered with a simple cuboidal epithelium, while the crypts contain deeper, more complex glandular structures. The overall color palette is dominated by shades of blue, green, and red, giving it a scientific and artistic appearance. The illustration is positioned diagonally across the cover, from the top left towards the bottom right.
