

## ACKNOWLEDGEMENT

I take this opportunity to express my profound gratitude and deep regards to my guide Mr Girish Kulkarni for his exemplary guidance, monitoring and constant encouragement throughout the course of this thesis. The blessing, help and guidance given by him time to time shall carry me a long way in the journey of life on which I am about to embark.

Lastly, I thank almighty, my parents, brother, sisters and friends for their constant encouragement without which this assignment would not be possible.

**Albert A Gayle**

## Writing Chapter 4 5 Of The Thesis Dissertation Ncu:

**The Mystery of Ancient eclipses** Pekka Mansikka,2025-04-16 Many have taken up the study of ancient history It may come as a little surprise that there are many accounts of solar eclipses History records at least eleven different solar eclipses five of which are named for a specific year of the reign of a king History also records many other events that are thought to be related to solar eclipses It is therefore no wonder that many people have been interested in wondering when each of these solar eclipses occurred When one studies these solar eclipses one can see that they hide behind them a very great mystery about what happened in ancient times This book brings these secrets to light      Prospects of Blockchain Technology for

Accelerating Scientific Advancement in Healthcare Borah, Malaya Dutta,Zhang, Peng,Deka, Ganesh Chandra,2021-12-13 Health information about any patent is extremely critical As there are many malicious users and misuses of health data this information is not shared amongst health organizations due to security and privacy issues Blockchain is being explored as a platform for securely exchanging healthcare data among the organizations in public domains allowing doctors and practitioners to have access to more comprehensive health histories and in turn provide better care to patients Prospects of Blockchain Technology for Accelerating Scientific Advancement in Healthcare disseminates the recent research findings on blockchain in healthcare and reviews current state of the art blockchain applications in healthcare This book also discusses various challenges faced by the healthcare community in securing healthcare data Covering topics such as consensus mechanisms smart healthcare systems and supply chain management it serves as an essential resource for healthcare professionals computer scientists information security professionals data scientists policymakers researchers and academicians      *Performing Arts as High-Impact Practice* Michelle Hayford,Susan Kattwinkel,2018-05-21 This book

investigates how the performing arts in higher education nationally contribute to the high impact practices as identified by the Association of American Colleges and Universities AACU Using the well known map of the HIPs for illustrating the centrality of performing arts practices in higher education the editors and authors of this volume call for increased participation by performing arts programs in general education and campus initiatives with specific case studies as a guide Performing arts contribute to the efforts of their institution in delivering a strong liberal arts education that uniquely serves students to meet the careers of the future This is the first book to explicitly link the performing arts to the HIPs and will result in the implementation of best practices to better meet the educational needs of students At stake is the viability of performing arts programs to continue to serve students in their pursuit of a liberal arts education      **National Union**
