Writing For Academic Success By Gail Craswell:

Writing for Academic Success Gail Craswell, Megan Poore, 2011-12-01 Writing for Academic Success is a vital practical guide for any ambitious student. If you seek to manage your writing effectively, reduce stress and improve your confidence and efficiency, this book is for you. The authors show you how to acquire communicative rigor in research essays, reports, book and article reviews, exam papers, research proposals, and literature reviews through to thesis writing, posters, and papers for presentation and publication. This second edition has been fully revised to reflect the online learning explosion. The authors provide insightful new material about how to work productively in different online contexts such as with blogs and wikis, setting up an e portfolio and raising an online profile. They also set out a focused guide to issues unique to digital communication and working with and across different media and technologies. The book includes advice on common writing concerns, cross-cultural and inter-disciplinary practices, a list of helpful words and phrases, and subject-specific examples of writing ranging from economics to philosophy to medicine. Writing for Academic Success is essential for undergraduate and postgraduate students both in taught courses and conducting research. Student Success is a series of essential guides for students of all levels. From how to think critically and write great essays to boosting your employability and managing your wellbeing, the Student Success series helps you study smarter and get the best from your time at university. **Writing for**

Academic Success Gail Craswell, 2008 *Writing for Academic Success* Gail Craswell, Megan Poore, 2012-03-05 Writing for Academic Success is a vital practical guide for any graduate student. The authors show you how to acquire communicative rigor in research essays, reports, book and article reviews, exam papers, research proposals, and literature reviews through to thesis writing, posters, and papers for presentation and publication. This Second Edition has been fully revised to reflect the online learning explosion. The authors provide insightful new material about how to work productively in different online contexts such as with blogs and wikis, setting up an e portfolio and raising an online profile. They also set out a focused guide to issues unique to digital communication and working with and across different media and technologies. **Using Social**

Media in the Classroom Megan Poore, 2012-10-10 Using Social Media in the Classroom is an essential guide to Web 2.0 sites and services providing both an overview of different types of digital technologies as well as constructive guidance on how to safely and intelligently use them as tools for learning. This comprehensive accessible textbook combines practical information on using all forms of social media for educational purposes and provides indispensable advice on how to tackle issues arising from social media use in the classroom. Analysis of important contemporary topics is also included: Digital literacy and new modes of learning, Digital participation and overcoming the digital divide, Cyberbullying and understanding risk online. **Academic Writing and Grammar for Students** Alex Osmond, 2013-04-17 Lecturers, why waste time waiting for the post to arrive?
