China's New Silk Road Carmen Amado Mendes, 2018-10-25 Much is being written about China's new One Belt One Road initiative, but much of the writing focuses on China itself, on the destinations of the road, Europe and the Middle East, or on the countries through which the road passes, such as Central Asia.

This book takes a different approach assessing the views of East Asian and other countries on the Belt and Road Initiative both from a transnational and multidisciplinary perspective The book considers international visions and limitations of the New Silk Road as a new paradigm explores economic and trade aspects including infrastructure networks financial mechanisms and the likely impact for other countries and regions and analyses the likely implications for regional and trans regional cooperation and competition Western and Asian regional perspectives on the New Silk Road including from India Pakistan Southeast Asia and Japan are considered throughout the book Xi Jinping Stefan Aust, Adrian Geiges, 2022-09-22 If China seems unstoppable so too does its leader Xi Jinping As General Secretary of the Chinese Communist Party and President of China he commands over 1.4 billion people in a vast country that spans the prosperous megacities of Beijing and Shanghai and desperately poor rural regions where families still struggle with malnutrition Today Xi Jinping faces a series of monumental challenges that would make other global leaders tremble a trade war with the USA political unrest in Hong Kong accusations of genocide in Xinjiang stuttering economic growth and a devastating global pandemic that originated inside China But who is Xi Jinping and what does he really want To rejuvenate China and bring economic prosperity to all its people To challenge American supremacy and turn China into the world's dominant power Avoiding both sycophantic flattery and outright condemnation this new biography by Stefan Aust and Adrian Geiges gets inside the head of one of the world's most mysterious leaders Skilfully unravelling the hidden story of Xi Jinping's life and career from his early childhood to his rise to the pinnacles of the Party and the State they flesh out his views and uncover how he became the most powerful man in the world This biography of China's leader will be indispensable for anyone interested in China and where it is heading Also available as an audiobook **China's Regional Relations in Comparative Perspective** Steven F. Jackson, 2018-02-06 China's relations with its neighbors have evolved since 1949 and in the 21st century many scholars argue that China's rising power has led it to be increasingly domineering over those smaller countries in Northeast Southeast Central and South Asia The evolution of China's regional relations needs to be examined comprehensively since China counts twenty seven countries as its neighbors large and small While China's official policy toward all of these countries is to treat them as good neighbors and partners some of these relationships have been spectacularly deteriorating while others have been quietly improving over the last two decades Jackson takes a comparative foreign policy approach and compares China's status as a regional hegemon with the United States Russia India Brazil South Africa and Nigeria The result is a broader theory as to why regional powers are sometimes intimidating and at other times accommodating An important contribution to studies on China this book will prove useful to scholars and students in Chinese and Asian foreign policy comparative foreign policy and international relations **Diverse Voices in Chinese Translation and Interpreting** Riccardo Moratto, Martin Woesler, 2021-02-02 This book presents a thoughtful and thorough account of diverse studies on Chinese translation and interpreting TI It introduces readers to a plurality of scholarly voices focusing on different aspects of Chinese TI from an

interdisciplinary and international perspective The book brings together eighteen essays by scholars at different stages of their careers with different relationships to translation and interpreting studies Readers will approach Chinese TI studies from different standpoints namely socio historical literary policy related interpreting and contemporary translation practice Given its focus the book benefits researchers and students who are interested in a global scholarly approach to Chinese TI The book offers a unique window on topical issues in Chinese TI theory and practice It is hoped that this book encourages a multilateral dynamic and international approach in a scholarly discussion where more often than not approaches tend to get dichotomized This book aims at bringing together international leading scholars with the same passion that is delving into the theoretical and practical aspects of Chinese TI *Concepts, Discourses, and Translations* Barbara

Lewandowska-Tomaszczyk, Marcin Trojszczak, 2022-06-06 This present book discusses issues related to languages cultures and discourses by addressing a variety of topics ranging from culture and translation cognitive and linguistic dimensions of discourse and the role of language in political discourses and bilingualism By focusing on multiple interconnected research subjects the book allows us to see the intersections of language culture and discourse in their full diversity and to illuminate their less frequented nooks and crannies in a timely fashion *The Governance of China* Jinping Xi, 2014 A compilation of Xi Jinping's major works from November 15 2012 to June 13 2014 It includes speeches talks interviews instructions and correspondence Also contains 45 pictures of Xi Jinping at work and in daily life *Psychobiographies Of Political Leaders*

From Across The World Claude-Hélène Mayer, Roelf van Niekerk, Moshe Banai, 2025-03-03 The authors explore the life and leadership of extraordinary political leaders in different socio cultural contexts and epochs and present new insights in political psychobiography They investigate the lives personalities politics philosophies careers leadership and leadership styles of leaders from the UK Germany France South Africa China Turkey and Zimbabwe and lead discourses on the advancement of contemporary theories and methodologies A must read to understand leaders and leadership in historical contemporary cultural and intercultural perspectives *The World According to Xi* Kerry Brown, 2018-03-12 China is now the most powerful country on earth Its manufacturing underpins the world's economy its military is growing at the fastest rate of any nation and its leader Xi Jinping is to set the pace and tone of world affairs for decades In 2017 Xi Jinping became part of the constitution an honour not seen since Chairman Mao Here China expert Kerry Brown guides us through the world according to Xi his plans to make China the most powerful country on earth and to eradicate poverty for its citizens In this captivating book we discover Xi's beliefs how he thinks about communism and how far he is willing to go to defend it

Legal Protection and Sustainability of Chinese Investments in Africa Xiuli Han, 2022-08-26 This book attempts to illustrate the whole picture of international investment rule of law between China and African countries and find the way forward through combining theory and practice It is a book by a Chinese professor based on her long term research experience in the international investment law field and her African field work in person Its main feature is its well balanced thinking on the

structure of investment international rule of law It should be the most comprehensive research on the international investment rule of law between China and African countries With the increase of Chinese investment in Africa various discussions and viewpoints on Chinese investment in Africa have become striking The purpose of this book is to explore systematically the protection and sustainability of Chinese investment under the concept and framework of the international investment rule of law so as to serve the sustainable development of Africa and China For the purpose of this book great importance is attached to the idea of the international rule of law and the international investment law with the function of rule of law is adhered to The conclusion of this book is that China should take proactive steps to protect Chinese investment in Africa and regulate Chinese overseas investors and their investments in addition to complying with the laws in the host states and thus make them conducive to African and Chinese sustainable development however the most significant issue is that China Africa investment relations should be regulated by the evolving and specific international investment rule of law and the China Africa international investment rule of law should conform to normative in form support common sustainable development in value and reflect the social reality of China and Africa For both researchers and students it is an approach to understand international investment rule of law from a perspective of China and Africa For those who are interested in China and Africa it is a useful reference book

China's Rise In Mainland Asean: Regional Evidence And Local Responses Suthiphand Chirathivat, Buddhagarn Rutchatorn, Wasutadon Nakawiroj, 2020-09-28 In today's rapid rise and expansion of China's influence all around the world and in ASEAN during the past two decades there has been an increasing awareness of various countries and regions adjusting themselves to the new trends both in terms of opportunities and risks alike This has become necessary due to the rapid changes in many aspects political landscapes economic issues as well as social and cultural considerations This book China's Rise in Mainland ASEAN Regional Evidence and Local Responses provides timely insights on some of the latest issues pertaining to ASEAN and China rapidly shifting interactions and upcoming geostrategic challenges ASEAN can be said to be undergoing a new era with China becoming more intertwined and involved with the ASEAN region than ever before The complexity of the regional dynamics means that this phenomenon cannot be captured with a single narrative or discipline of study In addressing the matters at hand this book sets out to examine and provide deeper understandings on the regional implications and local responses from ASEAN countries and from the perspective of the region as a whole The underlying rationale is that adequate understanding on the matters

involved in this new ASEAN China era will help to encourage better and mutually beneficial relationships between both sides

The analysis of this book will be categorized into four main themes

- 1 The Big Picture concerning China's policies, strategies and diplomatic stances
- 2 Implications and Responses dealing with how ASEAN members react and respond to China's actions and regional influence
- 3 Perspectives on Trade, Investment and External Debt which handles the economic facets of the ASEAN China interactions
- 4 Connectivity in Focus addressing various emerging and existing dimensions of connectivity expansion between ASEAN and China both physical and virtual

The Long Game Rush Doshi, 2021

In *The Long Game* Rush Doshi demonstrates that China is in fact playing a long methodical game to replace America as a global hegemon. Drawing from a rich base of Chinese primary sources including decades worth of party documents and memoirs by party leaders, he traces the basic evolution of Chinese strategy showing how it evolved in response to changes in US policy and the US's position in the world order.

Model Workers in China, 1949-1965 James Farley, 2019-06-04

Seismic changes in ideology and economic policy in China followed the death of Mao Zedong, but one aspect of culture has remained constant: the use of Model Workers for the purposes of propaganda and more recent public relations campaigns. In both a political and commercial context, the use of these individuals continues to thrive, and although the messages they promote have largely changed, their continued use indicates the extent to which they are believed to be an effective form of persuasion. Model Workers were deployed at key points in China's recent history and served to embody the Party's vision of the ideal Chinese citizen as they attempted to reshape the nation following a Century of Humiliation, a ruinous war with Japan, and a divisive civil war. This volume utilises the detailed analysis of posters, cinema, and translations of related propaganda material to explore the extent of the influence of the Model Worker as a concept on both propaganda and national policy.

China's Communication of the Belt and Road Initiative Carolijn van Noort, 2021-08-19

This book examines how China's international political communication of the Belt and Road Initiative comprises narratives about infrastructure and the Silk Road. By carefully selecting infrastructure modalities and Silk Road representations, it is argued that China's aesthetic production of the Belt and Road Initiative advances China's image as an infrastructure and standards setting power, conjures up a historical continuation of friendly and cooperative relations, and forges China's identity as good neighbor, good friend, and good partner. Using a multiple case study approach, this book analyses China's communication of the Second Belt and Road Forum, the Alternative North-South Road in Kyrgyzstan, the Standard Gauge Railway in Kenya, and the China-Maldives Friendship Bridge. Detailed literary analyses of the Travels of Marco Polo and the Travels of Ibn Battutah further elucidate China's selective uses of history. Chapters highlight spatial, temporal, political, economic, technological, and perceptual modalities in infrastructure narratives and reveal the composition of Silk Road narratives contributing to key debates about Chinese discourse, media strategy, and infrastructure communication. China's Communication of the Belt and Road Initiative will appeal to students and scholars of politics, international relations, communication, and Asian studies globally.

Ryan Hass,2021-03-09 An examination of the U S China relationship that charts a new path for America focusing on its existing advantages Ryan Hass charts a path forward in America s relationship and rivalry with China rooted in the relative advantages America already possesses Hass argues that while competition will remain the defining trait of the relationship both countries will continue to be impacted for good or ill by their capacity to coordinate on common challenges that neither can solve on its own such as pandemic disease global economic recession climate change and nuclear nonproliferation Hass makes the case that the United States will have greater success in outpacing China economically and outshining it in questions of governance if it focuses more on improving its own condition at home than on trying to impede Chinese initiatives He argues that the task at hand is not to stand in China s way and turn a rising power into an enemy in the process but to renew America s advantages in its competition with China The European Handbook of Central Asian Studies
