**Freedom** Osho,2007-04-01 Learn how to set yourself free with the philosophies of one of the twentieth century s greatest spiritual teachers in Freedom The Courage to Be Yourself In Freedom Osho outlines three stages of freedom The first is freedom from which is a freedom that comes from breaking out of what he calls the psychological slavery imposed by outside forces such as parents society or religion The next stage is freedom for a positive freedom that comes from embracing and creating something a fulfilling relationship for example or an artistic or humanitarian vision And lastly there is just freedom the highest and ultimate freedom This last freedom is more than being for or against something it is the freedom of simply being oneself and responding truthfully to each moment This book helps readers to identify the obstacles to their freedom both circumstantial and self imposed to choose their battles wisely and to find the courage to be true to themselves Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi Nehru and Buddha who have changed the destiny of India Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world
