A Collection of Pamphlets with Reference to the Establishment of the Reformed Episcopal Church, 1873-1877 Reformed Episcopal Church, 1876

The Pastoral Epistles George W. Knight, 2013-10-23 This is a thorough full scale English commentary on the Greek text of 1 and 2 Timothy and Titus While author George W Knight gives careful attention to the comments of previous interpreters of the text both ancient and modern his emphasis is on exegesis of the Greek text itself and on the flow of the argument in each of these three epistles Besides providing a detailed look at the meanings and interrelationships of the Greek words as they appear in each context Knight s commentary includes an introduction that treats at length the question of authorship he argues for Pauline authorship and proposes on the basis of stylistic features that Luke might have been the amanuensis for the Pastoral Epistles the historical background of these letters and the personalities and circumstances of the recipients Knight also provides two special excursuses the first gathers together the information in the Pastorals and elsewhere in the New Testament on early church offices and leaders the other excursus examines the motivations for conduct in Titus 2 1-10 with a view to their applicability to present day situations
