What is a television series A widespread

answer takes it to be a totality of episodes and seasons Luca Bandirali and Enrico Terrone argue against this characterization In Concept TV An Aesthetics of Television Series they contend that television series are concepts that manifest themselves through episodes and seasons just as works of conceptual art can manifest themselves through installations or performances In this sense a television series is a conceptual narrative a principle of construction of similar narratives While the film viewer directly appreciates a narrative made of images and sounds the TV viewer relies on images and sounds to grasp the conceptual narrative that they express Here lies the key difference between television and film Reflecting on this difference paves the way for an aesthetics of television series that makes room for their alleged prolixity their tendency to repetition and their lack of narrative closure Bandirali and Terrone shed light on the specific ways in which television series are evaluated arguing that some apparent flaws of them are indeed aesthetic merits when considered from a conceptual perspective Hence to maximize the aesthetic value of television series one should not assess them in the same framework in which films are assessed but rather in a distinct conceptual framework

Game of Thrones as a Contemporary Feminist Revenge Tragedy Lea M. Peters,2023-10-11 It is common knowledge that the television series Game of Thrones and revenge go together well but whether Game of Thrones and feminism are compatible is debatable to say the least This book shows how the series female characters in particular utilise revenge to acquire autonomy fight objectification and pursue equality On the one hand they do so by mirroring the female characters of English Renaissance Revenge Tragedies On the other prevailing feminist ideas of the 21st century are also incorporated The resulting tension between models from the Renaissance and current feminist impulses allows for an interpretation of Game of Thrones as a contemporary feminist version of a Revenge Tragedy Thus this book discusses gender equality and representation problematising the heteronormative binary perspective so commonly given on the series As such the book is for everyone interested in popular culture and its influences and developments both fans and critics of the show feminists and those who aspire to educate themselves **Rick Steves Ireland 2020** Rick Steves,Pat O'Connor,2019-12-31 Wander rustic towns emerald valleys lively cities and moss draped ruins Experience Ireland with Rick Steves by your side Inside Rick Steves Ireland 2020 you ll find Comprehensive coverage for planning a multi week trip through Ireland Rick s strategic advice on how to get the most of your time and money with rankings of his must see favorites Top sights and hidden gems
