complete or equal for all women but at least one which slowly but surely carries with it the promise of equality for all women. However, a closer look reveals that in various fields of culture the representation of women frequently undergoes a manipulation which makes the image of women lose the intention initially attempted. This is often the case with adaptations of literary texts to the screen when the initial literary message is changed because of, for example, marketing demands or some ideological stance. Rarely do we find the opposite case where the indifferent or emasculated original female characters are turned into guardians and or apologists of feminine power. The present volume focuses precisely on the way in which the image of women is modified in films and TV series when compared with the original literary texts. *Introduction to Lance Reddick*
