**Adam's Karate Dictionary: A Professional Glossary of Shotokan Terms** Adam Dobrzynski, 2023-10-27 This heavy duty Sh t kan encyclopedia dictionary lexicon glossary and linguistic tool Teaches how to analyze and understand karate vocabulary Breaks the Karate terms into their building blocks and puts an emphasis on the basic main building blocks of the karate language Systematically analyses over a 100 of basic Karate Kanji for deep understanding of the terms names and concepts Corrects many conceptual and linguistic common mistakes Provides links between different Karate expressions Presents different translations from Japanese to English Presents different Japanese writings Includes phonetic spelling Refers to important sources Addresses the Chinese origins Includes Comprehensive index Includes Wide ranging bibliography Includes 500 values 1 800 cross references 175 kanji Includes special bonuses Perfect for both beginners and senior instructors Perfect for English speakers Perfect for a clearer and deeper understanding of the Karate vocabulary substantively and linguistically More information This robust Karate lexicon of over 500 carefully selected representative values and references Key words core commands and general vocabulary such as postures stances Kata names techniques moves thrusts punches strikes blocks kicks body parts styles people places and other topics related to traditional Japanese Sh t kan Karate and other Funakoshi Karate organizations such as Shotokai A perfect gift for your Karate instructor fellow Karate practitioners or your Karate students Language English Paperback 325 pages Item Weight 1 25 pounds Dimensions 7 x 0 74 x 10 inches Presentation Karate jargon is integral to everyday practice Without solid understanding of the Karate vocabulary it is easy to fall into technical and conceptual errors The purpose of this Shotokan dictionary is to bring the reader closer to the Karate terminology we so often use but so rarely explore This book can be described as a Japanese English Shotokan dictionary as well as a heavy duty professional glossary of Karate terms related to Funakoshi styles It can

also be defined as a Shotokan encyclopedia or as a Karate lexicon which focuses on the linguistic aspects of Karate phrases Through the language we dive into Karate itself Although planned for senior Karate instructors absolute beginners may also benefit from this Karate wordlist As for its content the main goal naturally is to translate from Karate language to English The book offers various English definitions of the Japanese technical terms making it a powerful Japanese English dictionary of the terms used in Karate Sometimes the Karate meaning does not overlap with the general meaning of a word If the common or general Japanese translation of a Karate term may be relevant we bring it as well It was Seneca who said If one does not know to which port one is sailing no wind is favorable If we were to achieve a high standard of execution we cannot afford not to understand literally the Karate commands A clear understanding of the Karate terms is indispensable Breaking down Karate expressions into their building blocks does seem to achieve a deeper understanding of them This Karate glossary puts a special emphasis on the important Kanji including thorough Kanji analysis and relevant cross references Deep meanings of important Shotokan expressions are sought and their links to other Karate words are drawn In our opinion the references are this book's greatest virtue and we urge our dear readers to be diligent and to follow them especially when it comes to the Kanji that compose the value A large part of this Shotokan glossary is devoted to pronunciation issues This Karate wordbook presents different Kanji readings which may be very important in the case of several terms that have a common Kanji Critical phenomena in Japanese phonology such as the rendaku rules are addressed too Besides transliterations of Japanese and Chinese into the Latin alphabet romanization R maji the advanced user will find logographic Kanji and syllabic Kana Often alternative writings are presented so the reader can make better use of other sources especially Japanese sources Introduction During a Gasshuku training camp that took place in Israel in 2022 Yaniv Murciano Sensei was correcting his disciples Kank dai Talking about the finishing double kick he asked everyone what Nidan geri means When the practitioners said that it means a double kick the Sensei's response was so You should kick twice not once Indeed Nidan geri p 184 is not Tobi geri p 245 The former is less about flying The name reminds us to perform the technique better Our words affect our insights and our perceptions determine the words we are using FUNAKOSHI Sensei and other masters had profound knowledge not only of the Chinese classics i and the Japanese culture but also of the Japanese language ii The names that we use in our Karate trainings were not chosen lightly nor accidentally As for us those names have great significance What's in a name That which we call a rose by any other name would smell as sweet says Juliet in William Shakespeare's Romeo and Juliet In Karate's case we humbly prefer Confucius's iii approach In the words of the Chinese philosopher Feng Youlan 1895 1990 iv Every name possesses its own definition which designates that which makes the thing to which the name is applied be that thing and no other In other words the name is that thing's essence or concept What is pointed out by the definition of the name ruler for example is that essence which makes a ruler a ruler In the phrase Let the ruler be ruler etc the first word ruler refers to ruler as a material actuality while the second ruler is the name and

concept of the ideal ruler Take the example of the name Jitte p 111 If a day comes when they debate about how many hand movements there are in the opening of the Kata the name of the Kata will be there to help Some are going to realize that there are Ten Hands meaning ten palm strikes up to the first Kiai this understanding will derive from the name of the Kata Some of the ten hand strikes are simultaneous So the right answer they will hopefully conclude is three But why Japanese one asks You can say Double Kick or Ten Hands in any language First it is a tradition Second we feel connected to something bigger than our D j v And indeed in mutual training correspondence etc we can communicate well with people that do not speak our language The Japanese parts of our Karate pidgin are a common ground But most importantly studies show that language influences the way we think vi The Chinese philosopher Dong Zhongshu 179 104 BC used etymology as a hermeneutic tool vii The present generation is ignorant about human nature giving various teachings about it Why do they not try to examine the name nature Does not the name nature x ng mean birth sh ng The capacity that one naturally has at birth is what is called the nature The nature is one s mere potential Accordingly if we want to understand what it means to be a warrior we should look at the Kanji for warrior That is what the Chinese King Zhu ng of Ch 7th century B C did The Kanji for warrior is p 45 If one looks carefully one can see that this Compound Logogram is composed of the Radical p 271 which could mean to stop just as in our yame p 270 and from the Stem dagger axe We should never look at the command Yame in the same way again Putting an end to violence is indeed the highest level of the art of war that was the King s conclusion based on the Logogram viii ix For us the language and the Sino Japanese Logograms are indispensable for understanding Karate from technique to spirit The back cover text Front cover Sh t kan symbol s ancient forefather Karate is analogous to a tree We are sitting on a very high branch Sometimes we are looking down at the stem beneath us and sometimes not Anyways the important and interesting things are in the roots which are invisible to the average instructor We do not even know where our symbol came from In all my writings including the dictionary you are holding I do my best to shed light on those roots Here we try to get a clearer and deeper understanding of linguistic aspects I hope you will find this book informative and useful and wish you a pleasant read Adam Dobrzy ski TAGS JKA gift Shotokan gift Karate gift Shotokan basics Shotokan textbook Karate terminology Karate vocabulary Karate lexicon Japanese encyclopedia terminology vocabulary language jargon lexicon karate basic words karate advanced terms karate basic terms key words and commands shotokan key terms

**Multilingual Access and Services for Digital Collections** Jiangping Chen, 2016-01-18 This unique guide offers you a thorough understanding of multilingual information access MLIA and services and related concepts such as database design information retrieval machine translation and natural language processing Written for digital library developers library and information science graduate students and information professionals serving international information users this book defines multilingual information access MLIA and discusses the importance of enabling international users to access digital collections Based on a systematic review of the research and development carried out on cross language

information retrieval machine translation and case studies of current multilingual digital libraries the author clearly explains what you need to know about technologies for building MLIA function for digital collections The book leads you through an examination of Internet language services and tools that are useful for developing multilingual digital libraries and for assisting international users in accessing digital resources Content is further clarified by two research projects that are presented to demonstrate the application of technologies used to build MLIA functions and multilingual user interfaces The book concludes with possible strategies for using Internet language services and tools to implement MLIA function for digital collections
