**No Limits** Mukesh Bansal, 2022-07-18 Tech entrepreneur Mukesh Bansal has been a lifelong student of human performance optimisation. He has studied the science behind it and worked closely with high performers across business, sports, and entertainment to understand what it takes to transcend apparent limitations and achieve true potential. Through his entrepreneurial experience and studying the field of health and fitness, Bansal came to understand the enormous power of plasticity, the ability of the human brain to rewire itself at will as we develop new skills. He also realised that high performers across domains rely on common tools that were embraced by ancient wisdom and are validated by modern science. Knowing that high performance is not a matter of genetics or luck is highly empowering. **No Limits** distils Bansal's findings on talent, deliberate practice, mindset, habit, willpower, and learning. It is a guide to maximising one's potential with well-defined strategies. So no matter what you do, you can be a superior version of yourself, performing at increasingly better levels, constantly reaching higher.
