	Techniques/ Character

In *The Tempest*, considered his last great play, Shakespeare **transports us to a mysterious island** where humanity's flaws and qualities are amplified enabling the audience to discover the **importance of compassion and reconciliation**. Shakespeare **takes us to a position of uncertainty and ambiguity** inviting us to question humanity, ourselves and the world so that we arrive at a deeper understanding of the human condition. He makes us realise that **discovery is revelation** – we are provoked to discover something new **about the known**. Gonzalo wisely observes that the island is a microcosm for Shakespeare's **Jacobean society**.

**The Renaissance period in Shakespeare's time displayed a strong interest in self-knowledge and belief** that this was a condition to the knowledge of God. Humanist philosopher, Erasmus wrote in *Enchiridion militis Christiani* in 1503 'know yourself; do not allow yourself to be led by the passions, but submit all things to the judgement of reason'.
