**America, History and Life** ,2005 Article abstracts and citations of reviews and dissertations covering the United States and Canada     House of Bush, House of Saud Craig Unger,2004-03-19 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security House of Bush House of Saud begins with a politically explosive question How is it that two days after 9 11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward s *The Veil* Unger s *House of Bush House of Saud* features unprecedented reportage like Michael Moore s *Dude Where s My Country* Unger s book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America s most powerful political family became seduced by its Saudi counterparts     □□□□□□ ,2004     **Bulletin of the Atomic Scientists** ,1992-05     *The Nation* ,2001     **The Economist** ,2001     **Annual Index** ,2001     **The House of Saud** David Holden,Richard Johns,1982 The rise and rule of the most powerful dynasty in the Arab world     **The Fall of the House of Bush** Craig Unger,2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush s fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller *House of Bush House of Saud* comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America s constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God s will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president s father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies

found its way into President Bush's State of the Union address in which he made the case for war with Iraq. How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war. A seasoned award-winning investigative reporter connected to many back channel political and intelligence sources, Craig Unger knows how to get the big story and this one is his most explosive yet. Through scores of interviews with figures in the Christian Right, the neoconservative movement, the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA, the Pentagon and Israel, Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq, dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars. Far from ensuring our security, the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East, particularly in Iran. Provocative, timely and disturbing. *The Fall of the House of Bush* stands as the most comprehensive and dramatic account of how and why George W. Bush took America to war in Iraq.

**World** David Holden, 1981      **Kings and Presidents** Bruce Riedel, 2019-03-12 An insider's account of the often fraught U.S. Saudi relationship. Saudi Arabia and the United States have been partners since 1943 when President Roosevelt met with two future Saudi monarchs. Subsequent U.S. presidents have had direct relationships with those kings and their successors, setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world's most powerful democracy. Although based in large part on economic interests, the U.S. Saudi relationship has rarely been smooth. Differences over Israel have caused friction since the early days, and ambiguities about Saudi involvement or lack of it in the September 11 terrorist attacks against the United States continue to haunt the relationship. Now both countries have new still-to-be-tested leaders in President Trump and King Salman. Bruce Riedel, for decades, has followed these kings and presidents during his career at the CIA, the White House, and Brookings. This book offers an insider's account of the U.S. Saudi relationship with unique insights. Using declassified documents, memoirs by both Saudis and Americans, and eyewitness accounts, this book takes the reader inside the royal palaces, the holy cities, and the White House to gain an understanding of this complex partnership.
