the Earth Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism Anderson argues that its spread is so dramatic because it is an ends of the earth movement pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe His wide ranging account examines such topics as the Azusa Street revival in Los Angeles the role of the first missionaries in China India and Africa Pentecostalism s incredible diversity due to its deep local roots and the central role of women in the movement He describes more recent developments such as the creation of new independent churches megachurches and the health and wealth gospel and he explores the increasing involvement of pentecostals in public and political affairs across the globe Why is this movement so popular Anderson points to such features as the emphasis on the Spirit the born again experience incessant evangelism healing and deliverance cultural flexibility a place to feel at home religious continuity an egalitarian community and meeting material needs all of which contribute to Pentecostalism s remarkable appeal Exploring more than a century of history and ranging across most of the globe Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide

The Oxford History of Protestant Dissenting Traditions, Volume V Mark P. Hutchinson, 2018-10-17 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in Britain and Ireland as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and Royal Supremacy but then follows those traditions as they spread beyond Britain and Ireland and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier British and Irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume V follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once European traditions globalized While in Europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies The contributors trace the encounters of dissenting Protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century s major themes such as race and gender new technologies and organizational change In so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular Christianity

A Full-er Gospel?: Pentecostal Proclamation in New Zealand 1990-2008 Linda Flett, 2015 This book draws on the belief statements and official publications of Elim and AOG denominations in New Zealand from 1990 to 2008 in order to test the extent to which this conviction was adhered to A statement that In order to reach New Zealand our methods need to change but not our message provides a framing device inviting the reader to explore their responsiveness to aspects of social change within New Zealand before gauging interest in new methodologies known to have impacted Pentecostal churches in New Zealand during this period Actual changes to evangelistic methodology and salvation terminology is presented from the findings of a quantitative study before the salvation message is re examined It will be evident that not only were new methodologies embraced but views on salvation broadened becoming increasingly holistic dynamic and relational

A Theology of Hope Sang Yun Lee, 2019-01-03 Lee advocates a theology of hope essentially different from the Moltmann version on which the idea is developed Lee shows how Cho s message particularly in its promise of a saved healthy happy and prosperous life the Threefold Blessing was the antidote to the events that had ravaged the Korean peninsula in the 1950s At the same time Asian Pentecostal scholars might also need a greater appreciation for both the diversity and richness of their cultural and religious past They have found both culturally and biblically acceptable alternatives to and adaptations from the practices of their ancient religions and are seeking to provide answers to the needs of their own context

The Simplicity of Living by Faith David Corbin, 2013-11-29 Our God is a God of faith and it takes faith to please Him It is easy to have faith in the little things and many Christians exercise their faith by what they can see hear and or feel but omit to realise that God revealed Himself through Jesus and set Jesus before us as the One to whom we must entrust ourselves for salvation This Christian book explains what faith is and elaborates on how we are to mature our faith through a relationship with Jesus in order to experience God at work in our lives This book explains through examples how we as Christians are to walk by faith and not be dependent on our feelings or circumstances by realising that faith is simply the hand that takes from the hand of God

Christsein im Zwischenraum Mike Kwang-Yul Lee, In Deutschland existieren seit über 50 Jahren koreanische Migrationskirchen Sie haben der ersten Generation Koreaner eine geistliche und soziale kulturelle Heimat geboten In den letzten 30 Jahren haben sich christliche Gemeinschaften der zweiten Generation Koreaner gebildet insbesondere in Form von Jugendverbänden die neue kontextuelle Ausdrucksformen des christlichen Glaubens geprägt haben Hierbei handelt es sich um eine Gestalt von Christsein im Zwischenraum die im Zuge von Inkulturationsprozessen entstanden ist und sich einer eindeutigen landeskirchlichen freikirchlichen oder migrationskirchlichen Zuordnung entzieht Die vorliegende Studie widmet sich der empirisch theologischen Analyse dieses inkulturierten Christseins in unterschiedlichen kirchlichen Kontexten der zweiten Generation Koreaner und fragt nach dessen Bedeutung für die Gestaltung des kirchlichen Lebens in Deutschland

65 Plus, Is My Ministry Over? Harris Lidstrand, 2004-08 65 plus has been born out of a burden for ministers primarily and all Christian workers collectively who have reached their golden years of service to the Lord Too often the attitude is that they are no longer useful in the Kingdom of God just because of age when actually the age of wisdom to which they have excelled can be put to very profitable use in all of the churches of America Industry has found this to be true and I believe the time has come for a voice to be heard in favor of using this tremendous resource in today's religious community It does not matter the denominational affiliation The value of the years of experience in serving mankind with love and compassion transcends all barriers that once were so important to our value system God looks at the big picture In the last ten to twenty years most denominations have learned the power of unity and have joined ecumenical venues to spread the gospel in the fastest way possible to the ends of the earth thus fulfilling the great commission of our Lord in our generation

The Facts on False Teaching in the Church John Ankerberg, John Weldon, 2011-08-31 Would you recognize a false teaching if your pastor presented one next Sunday The evidence is that Christians everywhere are enthusiastically embracing false teachings in the church regarding success health prosperity Where are these teachings coming from why are pastors laypeople so easily led astray when in reality these teachings distort

the Word of God If you are concerned about the philosophies psychologies that are infiltrating today s churches The Facts on False Teaching in the Church is an invaluable resource to help you judge which teachings are biblical which are not

Religious Experience in Trauma KwangYu Lee,2020-09-03 This book offers a psychohistorical analysis of the rapid growth of the Korean Protestant Church KwangYu Lee looks at some of the traumatic historical events of Korea in the 20th century including the fall of the Joseon Dynasty 1392 1910 the Japanese Occupation 1910 1945 the Korean War 1950 1953 and the Korean Military Dictatorship 1961 1987 and explores the psychological impacts of these events on the collective unconsciousness of Koreans He argues that Koreans collective or cultural complex of inferiority which was caused and gradually exacerbated by these traumatic events along with their psychological relationships with their two colonizers the Japanese and Americans prompted them to convert to Korean Protestantism en masse as a means to avoid their psychological pains and to fulfil their futile desire to become like Americans their overtly idealized psychological object *The Oxford History of Protestant Dissenting Traditions, Volume IV* Jehu J.
