

Guided Relaxation

Visualisation Meditation

Close your eyes and take a deep breath. Take a moment to settle into your body. As you rest in this peaceful state, let your mind drift as you listen to my words. Take a moment to think of three clear intentions that you want for your future life.

Take another beautiful inhale through the nose and a slow exhale out of the mouth, be clear on these three intentions as we move throughout this meditation and your mind starts to drift off.

Focus on the air and the flow of your breath, let the flow of your breath rise and fall, noticing any tension in your body and allowing that to melt away. As we start to go deeper into this meditation, focus on your breathing. We are going to take a moment to visualise a beautiful bright light in between your eyebrows.

Your mind's eye. Allow this beautiful, bright, warm light to expand out, allowing it to grow bigger. Visualise it filling up the room, this beautiful, warm, bright light streaming out of your third eye. Take a moment now to think of those three intentions.

Allow them to come in and immerse and lay down into your subconscious mind. Just explore this feeling, explore these intentions as they start to become clearer for you.

Notice what you're experiencing. Allow these intentions to come through this beautiful bright light. Let them embed into your subconscious mind. To help you manifest these goals into the future your mind has to arrive there first.

Allow them to settle deep into your subconscious mind. So you are clear in the direction of where you are going. Take a moment now to visualise the feeling of these goals being manifested in your life.

Allow yourself to sit in the space, this immense gratitude, these incredible goals are unfolding. Exploring this future, what sensations are coming up? Is your skin tingling as you feel this warm, bright light? When you've basked in the glory of achieving these goals, allow the beautiful, bright light to gently start to come towards the body.

And as this warm bright light is coming back into your third eye, remind yourself that you are empowered to achieve anything in this life. The beautiful bright light is getting smaller and smaller and now closing over.

Just be reassured that these intentions are within you. Take a moment now to take a deep breathe and slowly exhale out of your mouth. Feel your feet on the floor, wiggle your toes. With a gentle smile, whenever you are ready open up your eyes.

Guided Meditation Script Barclay J Fisher,2020-02-12 If you choose to use one or more of these scripts to facilitate a guided meditation journey for others please preface the trip for them by reminding them that no longer all people see matters for the duration of a guided meditation This is very important because our purpose is for them to go a bit closer to their soul during the journey now not to supply them one more cause to consider they ve failed In the years that I ve been using these guided meditations many human beings have shared experiences with me where they weren t capable of seeing anything but they did hear something Or they felt the environment with imaginary kinesthetic touch Or they just had a deep sense of internal understanding about something all through the internal journey All of this is perfectly okay And as soon as in a while any person doesn t see hear sense or think about anything That s flawlessly okay as well Certain internal journeys simply don t fit with some people And sometimes a guided meditation desires to be listened to and experienced more than

once to sufficiently loosen up and open up a person's inner world. Also at the cease of facilitating one of these Inner Journeys please allow participants ample time to manner their experience. You might favor to supply them several minutes to write in their journals or you may prefer to invite small group voluntary sharing. It also may help to make yourself available afterward for a personal conversation about their journey within the meditation. It's surely essential that every man or woman has a way to specific and combine the guided meditation experience. For some people this capacity verbal sharing with others for others this potential time to absorb it quietly and in solitude into their very own reality. Each of these Magical Inner Journeys was given to me as a direct present from Spirit. I hope that you revel in experiencing them and facilitating them as a whole lot as I have. And A Word About Inner Voices: Our internal voices are additionally regarded as our internal parts or persona aspects. I in my view like referring to mine as a Committee. I sincerely think of a huge convention desk in an office building and everybody sitting around it are individual parts of ME that have something to say about what I do and who I am. You may want to also suppose of it as your inner family and image them sitting around a huge dining room table. And of course every family member has something to say an opinion to give.
