

The book cover features a collage of images related to electrical engineering and electronics. At the top left, there is a close-up of a complex electronic circuit board with various components and wires. To its right, a space shuttle is shown in flight against a blue sky. Below the shuttle, a large high-voltage electrical transmission tower stands prominently. In the bottom left corner, a computer monitor displays a technical graph or waveform, with a keyboard visible in front of it. The entire collage is set against a dark blue background, with a large, light-colored, curved shape overlaying the central part of the cover where the title is located.
