The Baccalaureate Graham Phillips, Tim Pound, 2003-12-16 Every year the UK A level results bring a tide of questions about their quality and standard One option already available to schools and students is the baccalaureate system Covering national and international approaches the IBO and more this Evidence in Education Linking Research and Policy OECD, 2007-06-12 Brings together papers from international experts on evidence informed policy in education from a wide range of OECD countries to look at the issues facing educational policy makers researchers and stakeholders teachers media parents in using evidence to best effect

Assessment at 16 Keith Selkirk, 2020-05-04 What students are deemed to have achieved when they are sixteen is the measure of how successful or otherwise their progress through the system of compulsory education has been And yet despite the importance of the process there has been no clear consensus about how best to assess students at sixteen The various formal examinations which have been tried have now largely been superseded by the GCSE a common system of examining at sixteen Originally published in 1988 the book discusses the development of this system its application to the main subject areas of the curriculum and some of its innovative aspects from both a theoretical and a practical standpoint In addition it also looks at the broader aspects of assessment of pupils at the age of sixteen and how we can give a more rounded indication of their achievements and abilities by the use of profiles and records of achievement

We are Better Than this Edward D. Kleinbard, 2015 A book which examines how government which is

to say all of us acting collectively can make our country healthier wealthier and happier if we put government to useful work in those areas where it most productively complements our private markets Provided by publisher **History** Michael Scaife,2004 These New editions of the successful highly illustrated study revision guides have been fully updated to meet the latest specification changes Written by experienced examiners they contain in depth coverage of the key information plus hints tips and guidance about how to achieve top grades in the A2 exams **Secondary Education Journal** ,1984

Newsletter British Association for American Studies,1981 The International status of education about the Holocaust Carrier, Peter,Fuchs, Eckhardt,Messinger, Torben,Georg Eckert Institute for International Textbook Research (Germany),2015-01-14 How do schools worldwide treat the Holocaust as a subject In which countries does the Holocaust form part of classroom teaching Are representations of the Holocaust always accurate balanced and unprejudiced in curricula and textbooks This study carried out by UNESCO and the Georg Eckert Institute for International Textbook Research compares for the first time representations of the Holocaust in school textbooks and national curricula Drawing on data which includes countries in which there exists no or little information about representations of the Holocaust the study shows where the Holocaust is established in official guidelines and contains a close textbook study focusing on the comprehensiveness and accuracy of representations and historical narratives The book highlights evolving practices worldwide and thus provides education stakeholders with comprehensive documentation about current trends in curricula directives and textbook representations of the Holocaust It further formulates recommendations that will help policy makers provide the educational means by which pupils may develop Holocaust literacy **Beyond A-levels** Ann Hodgson,Ken Spours,2003-12-16 Since its introduction over 50 years ago the A level has been a constant subject of debate in schools HE and government Sometimes hailed as a gold standard there is now intense speculation about the future of the A level in particular but also about post 14 qualifications in general The furore about quality and standards which accompanies each year s A level results has become an annual fixture in the UK press calendar With the introduction of Curriculum 2000 and an increasing number of calls for Baccalaureate style examinations vocational qualifications and more the need for serious debate and change in this field is clear Based on primary research by two of the leading commentators on the qualifications this book is a wide ranging and critical view of the fundamental approaches of the education system in Britain today With government action on this subject looking inevitable this will be a challenging and important book for anyone interested in this debate Report National Union of Teachers,1975 **Classical Civilisation and Ancient History in British Secondary Education** Edith Hall,Arlene Holmes-Henderson,2025-07-08 An Open Access edition will be available on publication on the Liverpool University Press website thanks to funding from the Arts and Humanities Research Council AHRC In the UK A Levels and GCSEs in Classical Civilisation and Ancient History offer exciting avenues through which to access the cultures of people who spoke ancient Greek and Latin and their neighbours across the ancient Mediterranean and

Black Sea worlds They are inherently interdisciplinary offering an outstanding opportunity to study a civilisation in the round using diverse sources from literary and philosophical texts to legal documents inscriptions art architecture and archaeology Yet many people are either unaware of the existence of these courses or do not understand their contents This unprecedented study by two Classics Professors at the University of Durham with extensive experience of teaching in schools and HEIs charts the subjects historical development and emergence in their current form since the mid 20th century explaining and illustrating their contents It describes the skills and competencies that they confer which are valued by university admissions offices and employers alike It presents the results of interviews with several significant participants in the story of these classical subjects and of questionnaires filled in by many additional teachers and students It also offers practical advice on how to introduce Classical Civilisation and or Ancient History at secondary level with guides to bibliographical and other resources **The Effective Teaching of History** Ron Brooks,Mary Aris,Irene Perry,2014-06-11

The Effective Teaching of History brings together the varied expertise of three experienced educationalists to provide a practical and invaluable guide for teachers and teachers in training who wish to teach history Key Stages 1 4 It covers a wide range of methods and resources for teaching national curriculum history and examines the role of history in schools and colleges in the 1990s *European Dimensions and the Secondary School Curriculum* Ivor Goodson,Veronica

McGivney,2018-10-03 Originally published in 1985 Europe and the EEC seemed to be virtually synonymous for the majority of our population and the ambivalent feelings many people have about the Community together with the consistently bad press it received in the UK seemed to engender a hostility in educational circles towards teaching about Europe as a whole However if one of the aims of education is to increase children s awareness tolerance and understanding of the world about them to widen their experience and horizons then teaching about the wider world must have a place in the curriculum This book argues for education about Europe not necessarily in favour of Europe breaking down the national insularity of the UK curriculum and using Europe as one convenient window on the wider world *Education, Culture and Society* Gareth Elwyn Jones,1991 **Routledge Library Editions: Curriculum** Various,2021-07-09 Reissuing works originally published

between 1971 and 1994 this collection includes books which offer a broad spectrum of views on curriculum both within individual schools and the wider issues around curriculum development reform and implementation Some cover the debate surrounding the establishment of the national curriculum in the UK while others are a more international in scope Many of these books go beyond theory to discuss practical issues of real curriculum changes at primary or secondary level The Set includes books on cross curricular topics such as citizenship and environment and also guidance careers life skills and pastoral care in schools A fantastic collection of education history with much still relevant today Learning to Teach English in the Secondary School Jon Davison,Caroline Daly,2019-06-27 Fully updated to reflect changes in teacher education and the curriculum the Fifth Edition of Learning to Teach English in the Secondary School explores the background to

debates about teaching the subject alongside tasks teaching ideas and further reading to expand upon issues and ideas raised in the book Including chapters on planning changes to the assessment system language teaching and cross curricular aspects of secondary teaching this new edition features changes in policy and practice including the most recent GCSE reforms a new chapter on Media literacy in English a consideration of modern digital technology and how it underpins good practice in all areas of English teaching and learning and cross referencing to guidance on assessment and well being and resilience in the core text Learning to Teach in the Secondary School A key text for all student teachers Learning to Teach English in the Secondary School combines theory and practice to present a comprehensive introduction to the opportunities and challenges of teaching English in the secondary school Parliamentary Papers Great Britain.
