The Betrayal of Witness Stanley Hauerwas, Hans S. Reinders, 2024-04-16 The downfall of Jean Vanier due to the history of sexual abuse that came to light in 2020 has shocked everyone familiar with his life and work as the founder and leader of L Arche The authors in this book raise significant questions regarding his influential legacy and its relevance for theology and disability and for L Arche in particular Without any attempt to whitewash or downplay the seriousness of his transgressions the question cannot be avoided to sort out the good and the bad in Vanier It requires soul searching on the part of his theological heirs and those who have been influenced by him Finally his work with and influence upon L Arche raises the question of sustainability and how its communities might or might not be shaped by his tarnished legacy

unjustly strung up for horse thieving and pretty Fei Yen intervenes Original "2024" Joe Martin,2023-11-08 It seems we have not internalized the lessons of George Orwell's dystopian vision in 1984. Now forty years later that terrifying notion is becoming a reality. Win, the fictional son of Winston Smith, experiences firsthand the horrors of the totalitarian system, a system that takes control of every aspect of daily life with sophisticated and cruel efficiency. A system that clutches each of us with a cold claw right now. We all live in an illusion of freedom, but one that is increasingly curtailed. If we are not vigilant, we too could be enslaved for good, becoming functioning machines in a repressive and inhumane system of control. The year 2024 is not dystopian fiction but an urgent warning we must resist the plans of governments and powerful corporations that threaten our freedom. While digitization offers incredible opportunities for humanity, it also poses dangers. It is our duty to ensure that no one intentionally or unintentionally abuses digitization as a modern ankle bracelet. An ankle bracelet that forces us onto the benches of a punishment gallery where we have no choice but to row until we drop dead while being monitored seamlessly at every moment. Under omnipresent surveillance and control, it is possible to instantly identify and punish any misconduct or political opinion, so the very thought of resisting the system becomes unthinkable. It is time to fight together for a just, free, and democratic future in which digitization does not subjugate us but serves us and supports us in our pursuit of happiness and self-realization.
