The Transactions of the Bombay Geographical Society Bombay Geographical Society, 1844 **Transactions of the Bombay Geographical Society** Bombay Geographical Society, 1844 List of members in v 1 2 9 10 15 18 *The Drone Memos* Jameel Jaffer, 2010-01-12 A trenchant summation and analysis of the legal rationales behind the US drone policy of targeted killing of suspected terrorists including US citizens Publishers Weekly starred review In the long response to 9 11 the US government initiated a deeply controversial policy of targeted killing the extrajudicial execution of suspected terrorists and militants typically via drones A remarkable effort was made to legitimize this practice one that most human rights experts agree is illegal and that the United States has historically condemned In *The Drone Memos* civil rights lawyer Jameel Jaffer presents and assesses the legal memos and policy documents that enabled the Obama administration to put this program into action In a lucid and provocative introduction Jaffer who led the ACLU legal team that secured the release of many of the documents evaluates the drone memos in light of domestic and international law He connects the documents legal abstractions to the real world violence they allow and makes the case that we are trading core principles of democracy and human rights for the illusion of security A careful study of a secretive counterterrorism infrastructure capable of sustaining endless orderless war this book is profoundly necessary Katrina vanden Heuvel editor and publisher of *The Nation*

Parlett, 2014-08-28 This groundbreaking political expos scrutinizes the motivations behind the unparalleled attacks on President Barack Obama that attempted to undermine his eligibility to lead the country The ascendancy of the first Black president was a watershed moment in American history In response Obama's adversaries engaged in relentless and systematic mudslinging throughout his campaign and well into his presidency othering him as a foreign and dangerous political figure Never before has a presidential candidate been so maligned by so many in such a variety of ways and yet won This provocative study investigates the unrest behind the Obama campaign and election and the controversial political machine that caused it Martin A Parlett himself a former campaigner for Barack Obama examines the role identity politics

and racialization played in the anti Obama movement shows how foreignization is the latest tool for political dissent and discusses the ways in which Obama successfully used the outsider label to his own advantage The book questions the popular and often contradictory notions of Obama as illegitimate Muslim Marxist Communist socialist Kenyan terrorist and angry African American Additionally chapters trace political marginalization and race throughout history from slavery to Reconstruction to the Civil Rights Movement concluding with the culture of distrust in the American political psyche since the events of September 11 2001 **The Scholastic Register, and Educational Advertiser** ,1869-07 **Saving More Than Seeds** Catherine Phillips,2016-04-01 Saving More Than Seeds advances understandings of seed people relations with particular focus on seed saving The practice of reusing and exchanging seeds provides foundation for food production and allows humans and seed to adapt together in dynamic socio-natural conditions But the practice and its practitioners are easily taken for granted even as they are threatened by neoliberalisation Combining original ethnographic research with investigation of an evolving corporate seed order this book reveals seed saving not only as it occurs in fields and gardens but also as it associates with genebanking genetic engineering intellectual property rights and agrifood regulations Drawing on diverse social sciences literatures Phillips illustrates ongoing practices of thinking feeling and acting with seeds raising questions about what seed people relations should accomplish and how different ways of relating might be pursued to change collective futures **The United States Department of Commerce Publications, Catalog and Index Supplement** United States. Kaplan,2013-11-26 Betrayed takes a new approach to the subject of global poverty one that doesn't blame the West but also doesn't rely on the West for solutions Betrayed puts the poor themselves at center stage and shows how their entrepreneurial energies are shackled by political and social discrimination When these shackles are removed as is happening in places such as China and Vietnam the poor are able to seize opportunities and drive wealth creation Combining the latest research into poverty and state building with the author's personal observations drawn from years running businesses in the developing world Betrayed explains how leaders in the developing world can build more inclusive societies and more equitable governments thereby creating dynamic national economies and giving the poor the opportunity to accumulate the means and skills to control their own destinies This refreshing new approach will appeal to business people who are fed up with reading critiques of global poverty that see capitalism as the problem not the solution people in both the global North and South who want to see attention focused not on Western aid but on what developing countries and their citizens can do to help themselves scholars and practitioners in the development field who are looking for new practicable ideas and general readers who want accessible and engaging accounts of ordinary people struggling to overcome poverty Public Documents of the State of Wisconsin Wisconsin,1885
