Preces And Responses:

Music and the Reformation in England 1549-1660 Peter Le Huray, 1978-12-14 Presents issues that affected the course of music within the church of England during the reformation Thomas Tallis and His Music in Victorian England Suzanne Cole, 2008 A survey of the huge importance of Thomas Tallis the Father of Church Music on Victorian musical life In Victorian England Tallis was ever present in performances of his music in accounts of his biography and through his representation in physical monuments Known in the nineteenth century as the Father of English Church Music Tallis occupies a central position in the history of the music of the Anglican Church This book examines in detail the reception of two works that lie at the stylistic extremes of his output *Spem in alium* revived in the 1830s though generally not greatly admired and the Responses which were very popular A close study of the performances manuscripts and editions of these works casts light on the intersections between the antiquarian liturgical and aesthetic goals of nineteenth century editors and musicians By tracing Tallis's reception in nineteenth century England the author charts the hold Tallis had on the Victorians and the ways in which Anglican and English identity was defined and challenged Dr SUE COLE is a research associate at the Faculty of Music University of Melbourne The preces and responses Thomas Tallis, 1985 **Harvard Dictionary of Music** Willi Apel, 1969 Contains nearly 1000 pages of precise and accessible information on all musical subjects *Thomas Tallis* John Harley, 2016-02-24 John Harley's Thomas Tallis is the first full length book to deal comprehensively with the composer's life and works Tallis entered the Chapel Royal in the middle of a long life and remained there for over 40 years During a colourful period of English history he famously served King Henry VIII and the three of Henry's children who followed him to the throne His importance for English music during the second half of the sixteenth century is equalled only by that of his pupil colleague and friend William Byrd In a series of chronological chapters Harley describes Tallis's career before and after he entered the Chapel The fully considered biography is placed in the context of larger political and cultural changes of the period Each monarch's reign is treated with an examination of the ways in which Tallis met its particular musical needs Consideration is given to all of Tallis's surviving compositions including those probably intended for patrons and amateurs beyond the court and attention is paid to the context within which they were written Tallis emerges as a composer whose music displays his special ability in setting words and creating ingenious musical patterns A table places most of Tallis's compositions in a broad chronological order **The Preces and Responses** Gerald Hendrie, 1981 The Ecclesiologist, 1859 Indices to Cambridge, Fitzwilliam Museum MS 369 Bryan Gillingham, 2008 **Musical Times and Singing Class Circular**, 1896 **The Preces and Responses** Jeffery R. Thyer, 2004 **Outlines of musical bibliography** Andrew Deakin, *The Music of the English Parish Church: Volume 1* Nicholas Temperley, 1979 Companion volume v 2 contains examples of the music sources and critical notes **Balneologische Aphorismen mit besonderer Berücksichtigung Driburg's** Anton Theobald BRUECK, 1863 *The Ecclesiologist* Ecclesiological

Mark Daugherty, 1985 Arranger index c1987 provides an additional means of access by the name of the arranger or editor 1988 supplement contains the sacred choral entries included in the 1986 Music in print annual supplement as well as new music published since 1985 1992 supplement contains listings of music published since 1987 as well as earlier material of publishers not previously in the series 1996 supplement contains listings of music published since 1991 as well as earlier material not previously in the series *The Complete Catalogue of Music Published by Novello, Ewer and Co* Novello, Ewer and Co., firm, music publishers, London & New York, 1890 *Humanism and the Reform of Sacred Music in Early Modern England* Hyun-Ah Kim, 2016-05-13 John Merbecke c 1505 c 1585 is most famous as the composer of the first musical setting of the English liturgy *The Booke of Common Praier* Noted BCPN published in 1550 Not only was Merbecke a pioneer in setting English prose to music but also the compiler of the first Concordance of the whole English Bible 1550 and of the first English encyclopaedia of biblical and theological studies *A Booke of Notes and Common Places* 1581 By situating Merbecke and his work within a broader intellectual and religious cultural context of Tudor England this book challenges the existing studies of Merbecke based on the narrow theological approach to the Reformation Furthermore it suggests a re thinking of the prevailing interpretative framework of Reformation musical history On the basis of the new contextual study of Merbecke this book seeks to re interpret his work particularly BCPN in the light of humanist rhetoric It sees Merbecke as embodying the ideal of the Christian musical orator demonstrating that BCPN is an Anglican epitome of the Erasmian synthesis of eloquence theology and music The book thus depicts Merbecke as a humanist reformer through re evaluation of his contributions to the developments of vernacular music and literature in early modern England As such it will be of interest not only to church musicians but also to historians of the Reformation and students of wider Tudor culture **The Temple church choral service [book] ed. by E.J. Hopkins** London Temple ch, 1869 **The British Magazine** , 1847
