 Independent Harrison Ford Virginia Luzón-Aguado, 2020-05-28 Harrison Ford is known for such iconic roles as Han Solo
 Indiana Jones and Rick Deckard but his career of 50 years and counting encompasses a plethora of other thought provoking
 roles His off screen persona has been no less intriguing Covering a wide timespan this book assesses Harrison Ford as star
 from the difficult Hollywood studio years where he began his blockbusters of the 1980s through to the impact of ageist
 culture on his artistry of recent years The author argues that Ford has generally been seen as a potent irresistible
 combination of tradition and modernity He is an actor who both reflects and utilises changing ideas about American
 masculinity in the context of Hollywood film production particular male types are revealed as much in his trademark
 trustworthy hero act as in his more fallible less conservative and therefore commercially riskier characters Luzon Aguado
 explores these particular star identities and every fluctuation in between She gives due attention to his much neglected
 acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre
 Going beyond standard accounts of Ford s production and pinpointing overlooked aspects of his work and the creation of the
 star through cultural artefacts like magazine interviews and advertising campaigns this book reveals the depth and
 dimensions of the enduring American screen legend that is Harrison Ford A Miscellany of Murder The Monday Murder
 Club, 2011-09-15 Why do they call Adelaide Australia the City of Corpses How many people did Agatha Christie kill with her
 pen What was Jack the Ripper s supposed occupation There s nothing like a little murder to challenge the dark side of your
 brain This dastardly little volume is organized by the seven deadly sins giving you all the gumshoes guns and gore you need
 to explore the sinister side of human nature including The worst villains of all time from Hannibal Lecter to Charles Manson
 The bloody truth about forensics Weaponry to die for Private dicks dangerous dames and dubious characters The most
 puzzling unsolved mysteries Who s really gotten away with murder From amateur sleuths to serial killers this murderous
 miscellany of crime both real and imagined is just the thing for a dark and stormy night *American Noir* Barry
 Forshaw, 2017-04-26 Barry Forshaw is acknowledged as a leading expert on crime fiction and film Following his books on
 Nordic Noir Brit Noir and Euro Noir he now tackles the largest and some might argue most impressive body of crime fiction
 from a single country the United States to produce the perfect reader s guide to modern American crime fiction The word
 Noir is used in its loosest sense every major living American writer is considered including the giants Harlan Coben Patricia
 Cornwell James Lee Burke James Ellroy and Sara Paretsky as well as non crime writers such as Stephen King who stray into
 the genre often through a concentration on one or two key books Many exciting new talents are highlighted and Barry
 Forshaw s knowledge of and personal acquaintance with many of the writers grants valuable insight into this massively
 popular field But the crime genre is as much about films and TV as it is about books and American Noir is a celebration of the
 former as well as the latter US television crime drama in particular is enjoying a golden age and all of the important current

series are covered here as well as key contemporary films **The Storytellers** Mark Rubinstein, 2021-07-20 Have you ever read a suspense novel so good you had to stop and think to yourself How did the author come up with this idea Their characters Is some of this story real For over five years Mark Rubinstein physician psychiatrist and mystery and thriller writer had the chance to ask the most well known authors in the field just these kinds of questions in interviews for the Huffington Post Collected here are interviews with forty seven accomplished authors including Michael Connelly Ken Follett Meg Gardiner Dennis Lehane Laura Lippman and Don Winslow These are their personal stories in their own words much of the material never before published How do these writers life experiences color their art Find out their thoughts their inspirations their candid opinions Learn more about your favorite authors how they work and who they truly are
