Tip: GDP uploads all skillbuilding activities automatically. Downloading and uploading files does not begin until the Practice exercise in Lesson 21. This practice exercise is ideal to practice downloading a resource file, which happens in Practice exercises for Lessons 21E, 22D, 24E, 29L, and 89H, to save files, and to close Word and return to GDP. Similar routines are used to download files to be inserted in document processing jobs for Lessons 89, 109, and 110.

- Begin with, Part 2, Unit 5, Lesson 21E: Orientation to Word Processing—A, and the corresponding Practice exercise in your *Word Manual*. You will download a resource file to be used during the Practice exercise, launch the Practice exercise, and open and save files.
- Next, move to Part 2, Unit 6, Lesson 26, Correspondence 26-3: Business Letter in Block Style. Type this typical document processing job in which you download and save files, close Word, and return to GDP. Use Browse and Submit Work to display the Scoring Results window.
- Before beginning any of these steps, close all other instances of Word that might be open; if possible, close all other browser windows and any other software programs. Launch Internet Explorer or Firefox, go to the custom URL (Web address) for your school, and log in to GDP.
