The Linguistic Landscape In Israel Through Palestinian Eyes Rawia Hayik, 2025-07-24 This book uses a sociolinguistic framework to explore how language serves as a marker of national identity in conflict zones focusing on the dystopian representation of Arabic as a minority language in Israel through the perspectives of Israeli Palestinian students Using a documentary photography research tool PhotoVoice minoritized college students from Northern Israel were invited to document and reflect on the signage in their area Content analysis of students reflections revealed not only a problematic linguistic reality in which the presence of Arabic was limited and inaccurate but also their experience of the space as local inhabitants The book chapters shed light on their profound perceptions and aspirations as passers by toward the misrepresentation of their native language in the country The contribution of the book lies in demonstrating the potential of the innovative tool PhotoVoice in developing awareness of the explicit and implicit messages delivered through linguistic landscapes It encourages action for achieving utopian more inclusive linguistic realities where minority languages are appropriately represented

**The Folktales of Palestine** Farah Aboubakr, 2019-03-21 Folktales are instrumental in ensuring the survival of oral traditions and strengthening communal bonds Both the stories and the process of storytelling itself help to define social cultural and political identity For Palestinians the threat of losing their heritage has engendered a sense of urgency among storytellers and Palestinian folklorists Yet there has been remarkably little academic scholarship dedicated to the tradition Farah Aboubakr here analyses a selection of folktales edited compiled and translated by Ibrahim Muhawi and Sharif Kanaana in *Speak Bird Speak Again* 1989 In addition to the folktales themselves Muhawi and Kanaana's collection is renowned for providing readers with extensive folkloric historical and anthropological annotations Here for the first time the folktales and the compilers work on them are the subject of scholarly analysis Synthesising various disciplines including memory studies gender studies and social movement studies Aboubakr uses the collection to understand the politics of storytelling and its impact on Palestinian identity In particular the book draws attention to the female storytellers who play an essential role in transmitting and preserving collective memory and culture The book is an important step towards analysing a significant genre of Palestinian literature and will be relevant to scholars of Palestinian politics and popular culture gender studies and memory studies and those interested in folklore and oral literature

Halwani, T. Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective. **The Modern Israeli and Palestinian Diasporas** Nahum Karlinsky, 2024-12-17 A comparative study of contemporary Israeli and Palestinian diasporas. Exilic and diasporic experience have become ubiquitous in recent decades. Jews lacking a homeland spread to various parts of the world, making the Jewish diaspora paradigmatic. But after the establishment of Israel in 1948, a different kind of diaspora emerged as more than a tenth of Israeli citizens have chosen to leave their newly established state and resettle. Meanwhile, about half of all Palestinians, including Palestinian citizens of Israel, now reside in exile, predominantly as a result of the ongoing Palestinian-Israeli conflict. Recognizing that Israeli Jewish and Palestinian Arab societies coexist and are engaged in constant relations, Nahum Karlinsky has assembled an impressive array of contributors to explore these diasporas alongside one another and in dialogue with other diasporic communities. The collected essays cover such topics as Palestinian exiles and diasporas, the demographics of today's Israeli diaspora, immigrant enterprises, transnationalism, and development; the unique place of Israeli Jews in the United States; the literature of Palestinian transnationals; and the emergence of Berlin as a queer Israeli Jewish immigrant enclave. *The Modern Israeli and Palestinian Diasporas* challenges and reimagines the very notion of a homeland.

*Cultural and Heritage Tourism in the Middle East and North Africa* Siamak Seyfi, C. Michael Hall, 2020-09-28 This is the first book to provide a comprehensive account of cultural and heritage tourism in the Middle East and North Africa (MENA) region and the many complexities that heritage sites and tourist attractions face. The MENA region has long been regarded as the cradle of Western and Arab civilisation and is the home of many of the world's major religions. Because of this, the region is rich in heritage sites that serve as major tourist attractions and as icons of national cultural and religious identity. However, as this book examines, heritage in the region is simultaneously highly contested and has even become a target for terrorism, creating a situation that brought major challenges for heritage management and sustainable tourism development. Many of the region's innumerable cultural sites are threatened in some cases by overuse, in others by neglect, and in many simply by the pressures of economic development. This book is therefore of interest not only to heritage managers and policy makers but also to those academics who seek to address the delicate balance between tourism development
