L'attribuzione della rendita catastale e la tutela dei cittadini Antonio Iovine,2013-05 Quest'opera nasce per soddisfare l'accresciuto interesse di cittadini professionisti e imprese per la verifica della congruità della rendita catastale attribuita dagli Uffici provinciali dell'Agenzia delle Entrate a seguito della recente introduzione dell'Imposta Municipale Propria I M U che dallo scorso anno ha sostituito l'

Imposta Comunale sugli Immobili I C I e per effetto dell'elevazione dei coefficienti moltiplicatori della rendita catastale per determinare la base imponibile dell'imposta. Nel testo viene dato ampio spazio alle modalità di attribuzione della rendita catastale sia per quanto riguarda le unità immobiliari urbane a destinazione ordinaria che sono accertate con il sistema delle tariffe d'estimo sia per le unità a destinazione speciali e particolari per le quali il calcolo della rendita viene invece effettuato con stima diretta. Prendendo spunto dalla recente circolare n. 6 del 2012 dell'Agenzia del Territorio per le unità immobiliari a destinazione speciale, il libro fornisce strumenti di analisi e operativi di ausilio ai tecnici liberi professionisti che sono chiamati ad attribuire la rendita proposta per queste particolari tipologie immobiliari per le quali viva l'attenzione degli Enti impositori e sussistono ancora rilevanti perplessità in tema di individuazione degli impianti fissi ed accertamento della vetustà. Parallelamente il testo sviluppa anche una panoramica delle vigenti imposte immobiliari che assumono più o meno direttamente la rendita catastale ai fini della determinazione della base imponibile. Infine, trattato l'aspetto di tutela del cittadino proprietario immobiliare nei confronti dell'accertamento della rendita catastale, vengono elencati i suoi diritti e doveri che si concretizzano nell'obbligo di produrre la dichiarazione in catasto delle nuove costruzioni o delle variazioni di quelle censite quando dovuta e in particolare nel suo diritto a ricevere la notifica di attribuzione della rendita catastale rettificata dall'ufficio nella facoltà di richiesta di esercizio del potere di autotutela e in ultima ipotesi nella proposizione di un ricorso tributario. Antonio Iovine, ingegnere consulente in materia di catasto ed estimo, stato dirigente dell'Agenzia del territorio responsabile dell'Area per i servizi catastali della Direzione centrale cartografia, catasto e pubblicità immobiliare, membro della Commissione Censuaria Centrale, Autore e coautore di vari testi in materia di catasto, topografia ed estimo, ha svolto numerosi incarichi di docenza per conto della Scuola Superiore dell'Economia e delle Finanze e di altre strutture pubbliche o private tra cui Scuola delle Autonomie locali, Consiel, Scuola Superiore della Pubblica Amministrazione di Verona.
