Portland's Good Life R. Bruce Stephenson, 2021-03-10 Iconic urbanist Lewis Mumford stressed the role of a well constructed city in the development of the good life championing pedestrian scaled sustainable cities In Portland's Good Life R Bruce Stephenson examines how Portland the one city in America that adopted Mumford's vision became a model city for living the good life Stephenson traces Portland's success to its grass roots governing system its housing and climate protection initiatives and most of all its citizens devoted to the public good all of

which have resulted in the construction of a city that honors the humanity of its people *Smart Evaluation and Integrated Design in Regional Development* Grazia Brunetta, 2016-03-03 Smart Evaluation and Integrated Design in Regional Development puts forward an alternative approach to evaluation in spatial planning one that focuses on territory and landscape The book introduces an innovative evaluation approach namely Territorial Integrated Evaluation TIE a meta evaluation methodology for designing regional development scenarios A research team from the Politecnico di Torino applied this methodology experimentally to the practices of spatial planning in Trentino in order to aid the Province in a process of institutional innovation that is still going on today TIE defines territorial scenarios serving the need for regional economic development as well as the conservation of nature and landscape A cross border region Trentino has a special need to harmonize economic development with the exceptional and internationally renowned value of its landscape which includes the Dolomites a UNESCO World Heritage Site Therefore TIE set out to design regional development scenarios that integrated various topics retail tourism infrastructures nature and landscape By testing out TIE in practice in this extraordinarily dynamic institutional context the book makes a significant contribution to the discussion about newly emerging approaches to spatial planning that involve multidisciplinary vision new paradigms in regional development and institutional learning and capability in decision making Street-Level Architecture Conrad Kickert, Hans Karssen, 2022-08-04 This book provides the tools to maintain and rebuild the interaction between architecture and public space Despite the best intentions of designers and planners interactive frontages have dwindled over the past century in Europe and North America This book demonstrates why even our best intentions for interactive frontages are currently unable to turn a swelling tide of economic and technological evolution land consolidation introversion stratification and contagious decline It uses these lessons to offer concrete locational programming design and management strategies to maximize street level interaction and trust between street level architecture its inhabitants and the city This book demonstrates that designers developers planners and managers ultimately have to create the right preconditions for inhabitants and passersby to bring frontages to life These preconditions connect architecture to its urban social economical and technological context Only the right frontage in the right context with the right design the right inhabitation and the right attitude to the city will become part of the ecosystem of trust and interaction that supports public life This book empowers the many participants in this ecosystem to build inhabit and enjoy truly urbane architecture **Rural by Design** Randall Arendt, 2017-11-08 For America s rural and suburban areas new challenges demand new solutions Author Randall Arendt meets them in an entirely new edition of *Rural by Design* When this planning classic first appeared 20 years ago it showed how creative practical land use planning can preserve open space and keep community character intact The second edition shifts the focus toward infilling neighborhoods strengthening town centers and moving development closer to schools shops and jobs New chapters cover form based codes visioning sustainability low impact development green infrastructure

and more while 70 case studies show how these ideas play out in the real world Readers rural or not will find practical advice about planning for the way we live now **A Research Agenda for New Urbanism** Emily Talen,2019 New Urbanism a movement devoted to building walkable socially diversity cities has garnered some successes and some failures over the past several decades A Research Agenda for New Urbanism is a forward looking book composed of chapters by leading scholars of New Urbanism Authors focus on multiple topics including affordability transportation social life and retail to highlight the areas of research that are most important for the future of the field The book summarizes what we know and what we need to know to provide a research agenda that will have the greatest promise and most positive impact on building the best possible human habitat which is the aim of New Urbanism **Streetlife** Conrad Kickert,Emily Talen,2022-12-21 Our street level economy is undergoing dramatic change Retailers are reeling from the rise of e commerce rising rents and increasing storefront vacancies along with a cultural shift from material to experiential consumerism Today the COVID 19 pandemic is contributing to economic upheaval as commercial corridors and the small businesses they house face sweeping closures bankruptcy and job losses Streetlife brings together scholars who have been trying to make sense of the changing retail landscape at street level and what it means for urbanism s future Streetlife pays special attention to the varied responses and policies that have emerged to address the competing realities of small business loss and neighbourhood needs With case studies from the United States as well as contributions covering Canada and Europe this book demystifies the logic behind street level urban retail and calls for better plans designs policies and innovations to bolster sales Streetlife shows that now more than ever before we need to understand what makes our storefronts tick what awaits them and what we can do as planners designers developers entrepreneurs and policymakers to maintain retail as integral to urban lifestyle **The Equity Planner** Jason King,2023-11-30 Economic development is intended to benefit everyone in a community however in many cases increased public and private investment can result in the pricing out and displacement of existing residents and businesses How do we achieve more equitable outcomes The Equity Planner provides a toolkit of practical solutions for planners and all those involved in placemaking to promote thoughtful inclusive planning Each chapter of The Equity Planner examines one particular aspect of inequity in the urban planning sphere covering issues such as identity retention affordability and the protection and enhancement of local assets While each chapter offers practicable solutions to these issues the Notes from the Field sections describe how these same tools have been used either successfully or unsuccessfully in projects the author has been involved in with a particular focus on the local resistance each project encountered These real world case studies are used to suggest methods to overcome such resistance which the reader can then apply to their present initiatives This book is written for urban planners local activists social scientists policymakers and anyone with an interest in equity planning This book will be of use to both practicing and training urban planners and architects who seek to add equity planning to their professional repertoire Retailing Larry O'Brien,Frank Harris,2012-08-09 This textbook
