COMPARATIVE POLITICS AND GOVERNMENT S. A. PALEKAR, 2008-12-28 Considerable changes are taking place today in the structure and working of governments all over the world This in turn has necessitated a change in the approach to the study of government and politics This well organized and systematic study takes into account these developments and shift in approach in the field of comparative government and politics As the empirical study of political processes structures and functions forms a major part of comparative political studies the author examines them in detail He also analyzes the many variables that are heterogeneous in nature The book analyzes in tandem comparative government which involves the study of different political systems with their institutions and functions and

comparative politics which covers comparative governments and non state politics The latter also studies rule making rule implementing and rule adjudicating Since different political systems are governed by the constitutions of the nations concerned the book deals in detail with the constitutions of these countries While the text gives a comprehensive coverage of constitutions of democracies such as UK USA France Switzerland and Japan it also deals with the constitutions of authoritarian States like Russia and China This text should be of great value to undergraduate and postgraduate students of political science as well as aspirants of civil services Cracking the Emerging Markets Enigma G. strategische Diskursführungen ermöglichte oder behinderte Der Vergleich der nationalen Diskurskontexte und der tatsächlich durchgeführten Reformdiskurse öffnet den Blick für diskursive Spielräume in den jeweils gegebenen Konstellationen und zeigt, dass der Erfolg der jeweiligen Reformdiskurse maßgeblich davon abhängt, wie sie mit ihren Diskurskontexten korrespondierten.

The Oxford Handbook of Irish Politics David M. Farrell, Niamh Hardiman, 2021-09-01 Ireland has enjoyed continuous democratic government for almost a century, an unusual experience among countries that gained their independence in the 20th century. But the way this works in practice has changed dramatically over time. Ireland's colonial past had an enduring influence over political life for much of the time since independence, enabling stable institutions of democratic accountability while also shaping a dismal record of economic underdevelopment and persistent emigration. More recently, membership of the EU has brought about far-reaching transformation across almost all aspects of Irish life. But if anything, the paradoxes have only intensified. Now one of the most open economies in the world, Ireland has experienced both rapid growth and one of the most severe crashes in the wake of the Great Recession. On some measures, Ireland is among the most affluent countries in the world, yet this is not the lived experience for many of its citizens. Ireland is an unequivocally modern state, yet public life continues to be marked by formative ideas and values in which tradition and modernity are held in often uneasy embrace. It is a small state that has ambitions to leverage its distinctive place in the Atlantic and European worlds to carry more weight on the world stage. Ireland continues to be deeply connected to Britain through ties of culture and trade, now matters of deep concern in the context of Brexit. And the old fault lines between North and South, between Ireland and Britain, which had been at the core of one of Europe's longest and bloodiest civil conflicts, risk being reopened by Britain's new hard-edged approach to national and European identities. These key issues are teased out in the 41 chapters of this book, making this the most comprehensive volume on Irish politics to date.

A Stata® Companion to Political Analysis Philip H. Pollock III, Barry C. Edwards, 2023-07-06 The Fifth Edition of *A Stata Companion to Political Analysis* by Philip H. Pollock III and Barry C. Edwards teaches your students to conduct political research with Stata, one of the most popular statistical software packages. This workbook offers the same easy-to-use and effective style as the other companions to the *Essentials of Political Analysis* to work with Stata versions 12 through 17. With this comprehensive workbook, students analyze research quality data to learn descriptive statistics, data transformations, bivariate analysis such as cross-tabulations and mean comparisons, controlled comparisons, correlation, and bivariate regression, interaction effects, and logistic regression. The many annotated screen shots, as well as QR codes linking to demonstration videos, supplement the clear explanations and instructions. End-of-chapter exercises allow students ample space to practice their skills. The Fifth Edition includes new and revised exercises along with new and updated datasets from the 2020 American National Election Study, an experiment dataset, and two aggregate datasets: one on 50 U.S. states and one based on countries of the world. A new 15-chapter structure helps break up individual elements of political analysis for deeper explanation, while updated screenshots reflect the latest platform.

Der Faktor

Persönlichkeit in der Politik Sigrid Elisabeth Rosenberger, 2015-02-27 Die fortschreitende Bedeutung der Massenmedien in der postmodernen Gesellschaft führte zu einem Personalisierungsschub, der die politische Führungspersönlichkeit stärker in den Mittelpunkt treten lie. Sigrid Elisabeth Rosenberger analysiert den Faktor Persönlichkeit und stellt seinen Einfluss auf den politischen Prozess anhand des politischen Wirkens Willy Brandts dar. Die Erörterung der spezifischen Ausformung von Brandts leadership basiert auf der Annahme, dass trotz einer gewissen Abhängigkeit von Prozessen und Strukturen das politische Führungspersonal und dessen Charakter im weitesten Sinn gebührend zu berücksichtigen sind. Das Potenzial von political leadership wird im Spannungsverhältnis zwischen Subjekt und System verortet. Vor diesem theoretischen Hintergrund wird Brandts leadership anhand der eigens dafür erarbeiteten Analyseebenen Persönlichkeit, Inhalt und Machttechnik untersucht.

Radical or Redundant? Liam Weeks, 2011-11-30 While the type of small political party in Ireland has varied, their fate it seems has not. Although some enjoy a brief time in the sun, termination is the long-term prospect for all minor parties. The usual pattern is a speedy ascent, an impact on the political system including a time in government followed by a prolonged termination. This book examines this pattern of evolution for minor or small parties in Irish politics. As the Irish state has changed, so too have the types of parties that have emerged. With the first-time entry of the Greens into government in 2007, their wipeout in 2011, the termination of the Progressive Democrats in 2009, and the failure of a new party to emerge despite the ongoing financial crisis, the time is ripe for this analysis.
