Waxler, 2014-09-25 The Risk of Reading is a defense of the idea that deep and close readings of literature can help us to understand ourselves and the world around us It explores some of the meaning and implications of modern life through the deep reading of significant books Waxler argues that we need fiction to give our so called real life meaning and that reading narrative fiction remains crucial to the making of a humane and democratic society Beginning by exploring the implications of thinking about the importance of story in terms of real life The Risk of Reading focuses on the importance of human language especially language shaped into narrative and how that language is central to the human quest for identity Waxler argues that we are linguistic beings and that reading literary narrative is a significant way to enrich and preserve the traditional sense of human identity and knowledge This is especially true in the midst of a culture which too often celebrates visual images spectacle electronic devices and celebrity Reading narrative in

other words should be considered a counter cultural activity crucial on the quest to know thyself Reading literature is one of the best opportunities we have today to maintain a coherent human identity and remain self reflective individuals in a world that seems particularly chaotic and confusing Each chapter takes up a well known work of nineteenth or twentieth century literature in order to discuss more fully these issues exploring in particular the notion of life as a journey or quest and the crucial relationship between language and our contingent everyday existence Of particular interest along the way is the question of what literary narrative can teach us about our mortality and how stories offer opportunities to reflect on the ambivalent and profound meaning of mortal knowledge

**Teaching English Literature 16-19** Carol Atherton, Andrew Green, Gary Snapper, 2013-07-18 Teaching English Literature 16 19 is an essential new resource that is suitable for use both as an introductory guide for those new to teaching literature and also as an aid to reflection and renewal for more experienced teachers Using the central philosophy that students will learn best when actively engaged in discussion and encouraged to apply what they have learnt independently this highly practical new text contains discussion of the principles behind the teaching of literature at this level guidelines on course planning pedagogy content and subject knowledge advice on teaching literature taking into account a range of broader contexts such as literary criticism literary theory performance publishing creative writing and journalism examples of practical activities worksheets and suggestions for texts guides to available resources Aimed at English teachers teacher trainees teacher trainers and advisors this resource is packed full of new and workable ideas for teaching all English literature courses

Do I Really Have to Teach Reading? Cris Tovani, 2004 Do I really have to teach reading This is the question many teachers of adolescents are asking wondering how they can possibly add a new element to an already overloaded curriculum And most are finding that the answer is yes If they want their students to learn complex new concepts in different disciplines they often have to help their students become better readers Building on the experiences gained in her own language arts classroom as well as those of colleagues in different disciplines Cris Tovani author of I Read It but I Don t Get It takes on the challenge of helping students apply reading comprehension strategies in any subject In Do I Really Have to Teach Reading Cris shows how teachers can expand on their content expertise to provide instruction students need to understand specific technical and narrative texts The book includes examples of how teachers can model their reading process for students ideas for supplementing and enhancing the use of required textbooks detailed descriptions of specific strategies taught in context stories from different high school classrooms to show how reading instruction varies according to content samples of student work including both struggling readers and college bound seniors a variety of comprehension constructors guides designed to help students recognize and capture their thinking in writing while reading guidance on assessing students tips for balancing content and reading instruction Cris s humor honesty and willingness to share her own struggles as a teacher make this a unique take on content reading instruction that will be valuable to reading teachers as well as content specialists
