McMillin, 2001-11-16 This book explores two kinds of self presentation in Tibet and the Tibetan diaspora that of British writers in their travel texts to Tibet from 1774 to 1910 and that of Tibetans in recent autobiographies in English McMillin contends that Tibet and the Anglophone West have had a long complex and convoluted relationship that can be explored in part through analysis of English language texts The first part of the book explores how a myth of epiphany in Tibet comes to dominate English texts of travel in Tibet while the second part considers how Tibetan autobiographers writing in English have responded and resisted Western images of them *Encyclopedia of Monasticism* William M. Schaeffer, 2013-03-12 Answering a critical need for an accurate in depth history of Tibet this single volume resource reproduces essential hard to find essays from the past fifty years of Tibetan studies Covering the social cultural and political development of Tibet from the seventh century to the modern period the volume is organized chronologically and regionally to complement courses in Asian and religious studies and world civilizations Beginning with Tibet s emergence as a regional power and concluding with its profound contemporary transformations this anthology offers both a general and **Britain and Tibet 1765-1947** Julie G. Marshall, 2005 This bibliography is a record of British relations with Tibet in the period 1765 to 1947 As such it also involves British relations with Russia and China and with the Himalayan states of Ladakh Lahul and Spiti Kumaon and Garhwal Nepal Sikkim Bhutan and Assam in so far as British policy towards these states was affected by her desire to establish relations with Tibet It also covers a subject of some importance in contemporary diplomacy It was the legacy of unresolved problems concerning Tibet and its borders bequeathed to India by Britain in 1947 which led to border disputes and ultimately to war between India and China in 1962 These borders are still in dispute today It also provides background information to Tibet s claims to independence an issue of current importance The work is divided into a number of sections and subsections based on chronology geography and events The introductions to each of the sections provide a

condensed and informative history of the period and place the books and article in their historical context Most entries are also annotated This work is therefore both a history and a bibliography of the subject and provides a rapid entry into a complex area for scholars in the fields of international relations and military history as well as Asian history      **Tibetan Buddhists in the Making of Modern China** Gray Tuttle, 2005-04-26 Over the past century and with varying degrees of success China has tried to integrate Tibet into the modern Chinese nation state In this groundbreaking work Gray Tuttle reveals the surprising role Buddhism and Buddhist leaders played in the development of the modern Chinese state and in fostering relations between Tibet and China from the Republican period 1912-1949 to the early years of Communist rule Beyond exploring interactions between Buddhists and politicians in Tibet and China Tuttle offers new insights on the impact of modern ideas of nationalism race and religion in East Asia After the fall of the Qing dynasty in 1911 the Chinese Nationalists without the traditional religious authority of the Manchu Emperor promoted nationalism and racial unity in an effort to win support among Tibetans Once this failed Chinese politicians appealed to a shared Buddhist heritage This shift in policy reflected the late nineteenth century academic notion of Buddhism as a unified world religion rather than a set of competing and diverse Asian religious practices While Chinese politicians hoped to gain Tibetan loyalty through religion the promotion of a shared Buddhist heritage allowed Chinese Buddhists and Tibetan political and religious leaders to pursue their goals During the 1930s and 1940s Tibetan Buddhist ideas and teachers enjoyed tremendous popularity within a broad spectrum of Chinese society and especially among marginalized Chinese Buddhists Even when relationships between the elite leadership between the two nations broke down religious and cultural connections remained strong After the Communists seized control they continued to exploit this link when exerting control over Tibet by force in the 1950s And despite being an avowedly atheist regime with the exception of the Cultural Revolution the Chinese communist government has continued to recognize and support many elements of Tibetan religious if not political culture Tuttle's study explores the role of Buddhism in the formation of modern China and its relationship to Tibet through the lives of Tibetan and Chinese Buddhists and politicians and by drawing on previously unexamined archival and governmental materials as well as personal memoirs of Chinese politicians and Buddhist monks and ephemera from religious ceremonies      *Between Eden and Armageddon* Marc Gopin, 2002 Although violence is often perpetrated in the name of religion history shows that religious people have played a critical role in peacemaking within numerous cultures      On Foot to Canterbury Ken Haigh, 2021-10-05 Setting off on foot from Winchester Ken Haigh hikes across southern England retracing one of the traditional routes that medieval pilgrims followed to the shrine of Saint Thomas Becket at Canterbury Cathedral Walking in honour of his father a staunch Anglican who passed away before they could begin their trip together Haigh wonders Is there a place in the modern secular world for pilgrimage On his journey he sorts through his own spiritual aimlessness while crossing paths with writers like Anthony Trollope John Keats Jane Austen Jonathan Swift Charles Dickens and of course

Geoffrey Chaucer Part travelogue part memoir and part literary history On Foot to Canterbury is engaging and delightful My father didn't need this walk not the way I do For him it would have been a fun way to spend some time with his son He had I begin to realize a talent for living in the moment Perhaps a pilgrimage would help me find happiness Perhaps I could walk my way into a better frame of mind and somehow along the road to Canterbury I would find a new purpose for my life It was worth a shot Audio edition from PRH available from Audible Kobo Google and Apple Books
