French Defence Raymond D. Keene,1987 **French Defence** P. A. Richmond,1980 French Defence, Tarrasch Variation Raymond D. Keene,Shaun Taulbut,1980-01-01 **French Defence** Raymond Dennis Keene,Shaun Mark Taulbut,1980 *French Defence, Tarrasch Variation* Massimo Luccioni,1995 **The French** Steffen Pedersen,2005 This book continues the coverage of the French Defence that was begun by Pedersen in The Main Line French 3 Nc3 It is essential reading for all those who play the French and for those who meet it with the popular and flexible Tarrasch Variation The Tarrasch Variation provides a stern test for the French Defence and has always been a favourite of strategically minded players such as Michael Adams and Anatoly Karpov By putting his knight on d2 White seeks to give his opponent little scope for counterplay and in many of the traditional lines ends up with a slight positional advantage that can prove extremely difficult to neutralize This has led to Black developing various sharper approaches which complicate the play considerably at the cost of greater risk Notable among these lines are systems with 3 Nf6 where Black sacrifices material to gain the initiative and the modern main line 3 c5 4 exd5 Qxd5 where Black keeps his pawn structure healthy at the cost of some tempi To get the most out of these lines as either colour thorough up to date knowledge is essential and this book supplies it in abundance **The French Defense Tarrasch Variation** Jack Winters,1975 **The French Tarrasch** John Emms,1998 The Tarrasch Variation is White s soundest response to the French Defence and is favoured by positional and tactical players alike *Tal, Petrosian, Spassky and Korchnoi* Andrew Soltis,2018-12-06 This book describes the intense rivalry and collaboration of the four players who created the golden era when USSR chess players dominated the world More than 200 annotated games are included along with personal details many for the first time in English Mikhail Tal the roguish doomed Latvian who changed the way chess players think about attack and sacrifice Tigran Petrosian the brilliant henpecked Armenian whose wife drove him to become the world s best player Boris Spassky the prodigy who survived near starvation and later bouts of melancholia to succeed Petrosian but is best remembered for losing to Bobby Fischer and Evl Viktor Korchnoi whose mixture of genius and jealousy helped him eventually surpass his three rivals but fate denied him the title they achieved world champion *Chess Opening Essentials* Stefan Djuric,Dimitry Komarov,Claudio Pantaleoni,2015-09-01 Most chess opening books are either too detailed or too shallow Chess Opening Essentials has exactly the right balance and is an accessible primer and a reference book at the same time It gives a flavor of how every opening works and points at the various middlegame plans that apply after the opening has ended Chess Opening essentials helps beginners to develop a solid understanding of fundamental opening ideas gives casual players the ability to choose the opening that suits their style and taste and is a tool for club players to test and review their opening repertoire as well as a reference book to which advanced players keep returning The authors do not propagate forcing tactical variations to be memorized mechanically but explain what you should actually be trying to achieve when playing the opening of your choice They include the main

alternative responses and give clear indications for further study
