Concept-Based Clinical Nursing Skills Loren Nell Melton Stein, Connie J Hollen, 2020-02-23 Are you looking for a new way of learning skills? Do you want to learn how to problem solve and think conceptually? Stein and Hollen's Concept Based Clinical Nursing Skills: Fundamental to Advanced covers over 250 nursing skills in an innovative concept based format with excellent illustrations, concise rationales, and current evidence. Unlike any other text, Stein and Hollen incorporate an overarching framework of seven critical concepts: accuracy, client centered care, infection control, safety, communication, evaluation, and health maintenance, to drive home the importance of these key themes in performing nursing skills. Each section balances need to know narrative with step by step skills, and every chapter includes a detailed case study with a concept map to help you apply knowledge and use clinical judgement in clinical situations involving nursing skills. Over 250 step by step nursing skills with over 900 photos and illustrations. Language and concepts reflect those used on the NCLEX. Concept based approach to skills education pairs well with the Giddens framework. Accuracy, Client Centered Care, Infection Control, Safety, Communication, Evaluation, and Health Maintenance are reinforced throughout as Critical Concepts to skills performance. Case studies with concept maps depict patients with problems that might be experienced in the clinical setting and are followed by a series of critical thinking questions. With every chapter, Application of the QSEN competencies. A question that challenges you to apply a QSEN competency is provided within the critical thinking questions of each case study. Lessons from the Evidence boxes highlight and summarize current research that can contribute to evidence based clinical practice. Lessons from the Courtroom boxes summarize actual court cases related to the skills in the chapter in order to help you understand legal implications. And Lessons from Experience boxes use a storytelling format to share the experiences of more experienced nurses with students. Application of the nursing process. Nursing diagnoses that include specific examples of client outcomes and nursing interventions are presented within each

section of the chapters Uses an easy to understand conversational writing style Organized to present fundamental skills first then intermediate acute care skills and finally advanced skills often performed in critical care Critical concepts align with the quality and safety framework of the QSEN competencies Emphasis on safety and client centered care Expect the Unexpected boxes use a storytelling format to present unexpected situations that could occur and explore appropriate responses to them Home Care Lifespan and Cultural Considerations provided in each chapter Performing an Assessment chapter details physical assessment skills Evolve site for students features skills video clips skills checklists for all skills and NCLEX style review questions Delmar's Fundamental & Advanced Nursing Skills Gaylene Altman, Patricia Buschel, Valerie Coxon, 2000 This highly illustrated text comprehensively covers over 200 nursing skills Following the five step nursing process it is written in a clear concise easy to follow format to help promote competence in basic and complex nursing skills Paying careful attention to gender culture and age sensitive issues the text includes real world situations in various health care environments to provide students with the clinical experiences they may encounter in their career This along with the critical thinking feature helps students fine tune their critical thinking skills and apply skill knowledge Client teaching documentation equipment and common errors are strongly emphasized to alert students to important issues and common pitfalls **Delmar's Fundamental & Advanced Nursing Skills Checklists** Karrin Johnson, 2000 This text contains checklists for every procedure in Delmar's Fundamental Advanced Nursing Skills skills procedures Nursing Fundamentals clinical practice medical surgical med surg techniques checklist checklists *Fundamental and Advanced Nursing Skills + Comprehensive Nursing Skills Bundle* Gaylene Bouska Altman, 2003-06-01 **Delmar's Fundamental and Advanced Nursing Skills CD-ROM for Windows** Gaylene Altman, 2000 *Concept-Based Clinical Nursing Skills - E-Book* Loren Nell Melton Stein, Connie J Hollen, 2023-02-27 Selected for Doody's Core Titles 2024 in Fundamentals Concept Based Clinical Nursing Skills Fundamental to Advanced Competencies 2nd Edition covers more than 250 nursing skills in an innovative concept based format Unlike any other text Stein and Hollen incorporate an overarching framework of seven critical concepts accuracy person centered care infection control safety communication evaluation and health maintenance to drive home the importance of these key themes in performing nursing skills and developing nursing competencies Every chapter includes a detailed case study with a concept map to help you apply your knowledge to clinical situations involving nursing skills The nursing process is seamlessly integrated within the skills and Next Generation NCLEX question types strengthen your critical thinking and clinical judgment skills This fully referenced text identifies and applies credible researched based knowledge that comprises the knowledge for nursing practice Advanced Nursing Skills Molly Courtenay, 2000 This book examines a number of advanced nursing skills describing the research evidence and practical aspects of the procedures themselves *Fundamental Nursing Skills and Concepts* Barbara Kuhn Timby, 2009 Now in its Ninth Edition this full color text combines theoretical nursing concepts step by step skills and procedures and clinical applications to form the foundation
